The Bulldogs defeated General Motors Tech for the second time this season by a score of 32 to 26, in a game last Saturday that had all the aspects of a losers' come-from-behind story book contest except that the losers did not come far enough. The Ferris regulars started the game in such fine fettle that it was 14 minutes before the Tigers had the ball long enough to score. The period came to a close with the 'Dogs leading 24 to 5.

The reserves took the floor in the second half, and Tech went into action. Her defense tightened, and her offense opened up. The Tigers lived up to their nickname by sinking shots from all angles and positions, while the reserves looked on, unable to check them. With about four minutes left to play the score stood 26 to 30, and Coach McElwain, feeling the cash customers had had their money's worth, sent the regulars back into the game. Schnarr and his cohorts managed to stem the tide.

Ford, the Tiger forward, was the high scorer of the evening with 12 points to his credit. During the first period Ford scored all five of his team's tallies. Schnarr was high for Ferris with eight points. Shankland and Holley were tied for second honors with six each. Grieve came out of his slump enough to score one field goal, free throw, and percentage took another fall when the 'Dogs failed to convert a single point out of seven chances.
