Ferris Cancels Classes in Several Big Rapids Campus Buildings Due to Power Outage

Due to an electrical power outage on Ferris State University's Big Rapids campus, all afternoon and evening classes and activities scheduled for today, Wednesday, Oct. 2 in Bishop Hall and the Allied Health, Optometry and Pharmacy buildings are canceled. Services in those buildings will be unavailable today. Employees working in those buildings who have been deemed non-essential do not need to report to work today. There may be other buildings west of State Street that are without power, with the exceptions of General Services, Heavy Equipment and the Sports Complex.

All other University activities will continue as scheduled.

The specific cause of the power outage has yet to be determined, but is related to an issue with the Ferris power grid.
