Ferris State University Experiencing Power Outage on Big Rapids Campus

BIG RAPIDS - As of 4:30 p.m. today (Jan. 13), Ferris State University continues to experience a power outage that affects various academic buildings, residence halls and student apartments on the Big Rapids campus.

An issue with a transformer is believed to have caused the power outage in Prakken, Alumni, West, Automotive and Granger buildings.

A second unrelated power outage has affected facilities south of Ferris Drive, including Henderson, Puterbaugh, Bond, Cramer and Bishop halls, Westside Cafe, West Campus Apartments, Creative Arts Center and Southwest Commons.

There may be intermittent power outages as crews work to restore power.

Updates will be posted on <http://www.ferris.edu/> and <http://www.ferris.edu/HTMLS/news/archive/2014/january/power.htm> as they become available.
