McKillop receives scholarship

BIG RAPIDS – Nathan McKillop of Bellevue, a student in the Manufacturing Tooling Technology program at Ferris State University, was recently awarded a Hurco Applications Engineering Scholarship by Jim Kawaguchi, general manager of Hurco USA.

Hurco is a global manufacturer of automated machining equipment, controls and programming software, and is a long-standing industrial partner of the Manufacturing Tooling Technology program. As part of this award, McKillop received a paid summer position with Hurco's applications engineering group at the company's world headquarters in Indianapolis, Ind., as well as paid room and board for the summer.

Having recently completed his associate degree in Manufacturing Tooling Technology, McKillop looks forward to continuing his education at Ferris by pursuing his bachelor's degree in Manufacturing Engineering Technology.
