

MMHSL REPORT
May 10, 2011

On April 20th 2011, MMHSL successfully hosted the MLA webcast ***Shifting Skills to Navigate the Changing Horizon: Finding Our Way in New Biomedical Research and Health Care Environments***,. The webcast was presented in MSU Libraries new Reference Instruction room. The webcast had 10 attendees from a variety of institutions.

We are working on revising the layout and appearance of our webpage, and hope to have it done by the end of the summer.

Respectfully Submitted,
Abe Wheeler
MMHSL representative to the MHSLA Board.
