Archivist's Report
July 18, 2011

The scanning of MHSLA documents is progressing nicely because of the diligent work of Ferris State University Archivist, Melinda Isler, and the students who are assisting with this task. Thanks go to Melinda and the student workers for their initiative and hard work. Also, many thanks are extended to Maureen Watson, long-time MHSLA Archivist, for her meticulous collecting and organizing of archival materials over the years.

Respectfully submitted,

Alison Konieczny
MSHLA Archivist
