

Outreach and Advocacy Report
May 10, 2011

On May 4, Diane Gardner and I represented the Flint area hospitals as well as MHSLA at the Annual MSU/FAME Research Forum. We had a display, candy, and doctor themed rubber duckies as give-a-ways. The poster board display was made a McLaren and is interchangeable. The Flint part is Velcro, so any area in Michigan can use it. If interested just send a request to Melanie Bednarski at Genesys or Diane Gardner at McLaren.

Respectfully submitted,

Melanie Bednarski
Outreach and Advocacy Chair 2011
