1. Luminis – Vicki Deur

Vicki Deur demonstrated the updated portal from Luminis, replacing Campus Pipeline. She noted that colleges now have the ability to create “channels”, and would like contacts in each college to assist in creating the channels. She also noted that the portal will be the only way to access Banner when implemented.

2. One-time Funding

Tom Oldfield distributed individual college’s one-time funding. He noted that the one-year temporary positions will be funded half through Academic Affairs and half through the President’s Office. Fringes will be covered. He indicated that he will also fund the one-time S&E again this year.

3. Other

The latest copy of the bus tour schedule was distributed. Please let Ira know ASAP if you need to miss any of the tour.

Tom Oldfield thanked Laurie Chesley for her work in Academic Affairs and wished her well in her new duties as Dean of Humanities at Montgomery County Community College near Philadelphia.

Deb Thalner noted the upcoming articulation signing at St. Clair Community College.

According to Don Green, a recent open house in Grand Rapids to highlight the new phlebotomy certificate resulted in 25 new students.
