Pharmacy			
15-061 Redirection Business	Risk Management & Insurance Program Redirection		
15-062 MCC Engineering Technology	Manufacturing Technology		
15-063 Deletion Degree Arts & Sciences	Close Theater Minor		

#### IV. Discussion

The committee recognized the team of Mark Thompson and David Frank of the Department of Physical Sciences in the first part of the meeting and fielded questions about Proposal #15-058. The second half of the meeting was spent with the team of Eric Warner and Debbie Courtright-Nash regarding Proposal #15-055.

Following further discussions and deliberation, the committee voted to support the two proposals. Citing the outdatedness of the current 80 MHz Nuclear Magnetic Resonance used in Physical Sciences, some members voted “support with concerns” on Proposal #15-058.

The meeting was adjourned until our next meeting on March 16, 2015 at noon.
