IV. **Discussion**

Chair Fadayomi acknowledged the presence of Rich Goosen, Director of the School of Design & Manufacturing who was invited to answer questions regarding Proposal 15-050, Modification of ITM Curriculum. Proposal 15-050 was approved with 4 votes of support, 3 votes of support with concerns over the lack of full time tenure track faculty in the program. The committee feels that a program of 60-70 students should have one tenure track faculty.

We hope that this proposal marks the beginning of a reorganization that will eventually result in the assignment of a tenure track faculty to the program

The meeting was adjourned until our next meeting on March 2, 2015 at noon.
