

Athletic Advisory Committee Meeting

Tuesday, February 24, 2004

11:00 AM FLITE 135

Present: David Scott, Carma Burcham, Bob Krueger, Cecil Queen, Lon Green, Phil Walling, Aaron Brown, Matt Pinter, Jim Carey, John Caserta. Dan Burcham was present as a guest.

Lon Green, chair, called the meeting to order at 11:06 AM. Dan Burcham was recognized as a guest to the meeting.

Business

Last meeting's minutes (January 2004) were approved.

Bob and Mat provided updates on the further development of the Athletic Plan. Bob agreed to develop a paragraph for dissemination to Department Chairs to express the interest of some coaches' ability to teach. Both Matt and Bob agreed that the group at large was appreciative of the efforts and input from the "academic" side of things. Bob also has any handouts from the meeting he has attended and is willing to share those to members of the committee.

Dan Burcham then took the floor to explain the MSEP program. This program allows students from neighboring states to attend Ferris at in-state tuition rates. It was developed as a way to help those programs with excess capacity. PGM students are not eligible for this program as currently PGM does not have excess capacity. In fact, the program is able to fill their slots even without the tuition assistance. It was agreed that Matt will monitor the situation and if necessary, the committee can take a look at this arrangement at a later time.

With no further business before the committee, the

Meeting adjourned at 11:54 AM

Respectfully submitted:

David A. Scott
