

Attendance/2006:01

Whereas the Academic Senate serves as an advisory board for the President and Vice President for Academic Affairs,

Whereas attendance at meetings of the Academic Senate by the President and Vice President for Academic Affairs enables them to hear the discussion and thinking behind decisions the Senate makes,

Whereas the Past President and Vice Presidents for Academic Affairs, or their representatives, consistently attended meetings of the Academic Senate,

Therefore, it is moved that the President and Vice President of Academic Affairs, or their representatives, attend meetings of the Academic Senate for the duration of the meeting.
