**VII. Old Business****A. On-line Ad Hoc Committee Report – Gary Todd**

**Motion by Senator Schmidt, with support from Senator Jewett:** to accept the report and recommendations of the On-line ad hoc committee and disband it. Motion carried.

**Motion by Senator Schmidt, with support from Senator Haneline,** to establish a new and ongoing ad-hoc committee to:

1. Represent the combined academic concerns of the faculty of our institution, *with respect to on-line learning*
2. Serve as one focal point for issues on policies and procedures as related to faculty, *and on-line learning*
3. Serve as liaison in the larger institutional efforts as the institution, its many organizations and departments *regarding on-line learning*, and the Academic Senate develop a cohesive effort to handle such issues, and
4. Remain in existence until such time that it is clear that an organization is set in place that addresses all *on-line learning* matters related to institution, administration, students, and faculty. The committee should provide a summary report to the Senate (oral or written) on a bimonthly basis highlighting their work with an annual report to be delivered at the August Senate Retreat. The continuation of the committee and acceptance of its annual report will be handled as a part of old business at the first meeting of the Senate each September until such time that the committee is dissolved.
5. Committee membership should follow charter requirements for committee membership. The members of this ad-hoc committee need not be Senators as this is not a standing Senate committee. However, *the majority of the* members of this committee *should* have on-line teaching experience. The chair of this committee should be a Senate member to facilitate an active engagement with the Senate as may be necessary on a monthly basis.

6. The committee and its members should encourage input from the faculty and students (perhaps through a Student Government representative) to address issues revealed by the previous ad-hoc committee where possible, as well as any new issues identified, or direct these issues to the appropriate previously-established committees or task forces.

**Senator Haneline** offered the friendly amendment to name the committee RELIC, friendly amendment not accepted. **Senator Thapa** voiced his opinion that this issue should fall under the Academic Policy and Standards Committee. **Senator Haneline** offered a friendly amendment to name the committee the Ad Hoc E Learning Liasion Committee (AHELLC). Friendly amendment accepted. **Senator Hanna** offered the friendly amendment to strike the third (3<sup>rd</sup>) sentence from item 5. Friendly amendment denied, as the maker stated it is very difficult to discuss on-line issues if one does not teach on line and is not familiar with the issues surrounding on line teaching. Following a lengthy discussion, **Senator Papo** call the question, question carried, main motion carried.

- B. **University Curriculum Report of 10/17/08 – Motion by Senator Jewett, with support from Senator Hanna**, to accept the report. Show of hand vote: 15 yeas, 12 nays. Motion carried. **Senator Jewett** provided background information regarding this issue. No Form B's were sent to affected departments, and the change will take place without the proper procedures being followed. **Assistant Vice President Flickinger** assured the Senate that this issue was discussed at length at Dean's Council, as well as coordinators and department chairs prior to his signature. **UCC Chair Johnson** stated that the committee did not act in error but rather accepted **VP Flickinger's** offer to take the issue to the Dean's and Department Heads. **Senator Haneline**, Language and Literature Department stated that the change would affect approximately four (4) students per semester.

Ten (10) airport interviews will be held for the Vice President of Administration and Finance. The Provost search candidates will most likely be on campus in late January or early February, 2009. **Dr. Eisler** feels that the state is headed into some very difficult financial times as he expects the deficit to be much larger than originally projected. In preparation for the budget situation, he asked Vice Presidents to hold back 1% of their budgets.
