NLM Duplicates

Of the 91 NLM duplicate books from the last shipment, 77 were claimed. Some were distributed at MHSLA 2010 – the rest were shipped on 11-16-2010.

Heidi presented a poster at MHSLA 2010 that detailed MHSLA's involvement with the NLM Duplicates program.

Unclaimed titles from past shipments were displayed at the NLM Duplicates poster at MHSLA 2010 for members to claim. Of the 60 unclaimed titles, about 15 books were taken. Heidi contacted Charniel at the GMR to find out what to do with the rest of the unclaimed titles. She contacted NLM who said: "We send them to the libraries with the intention that all are distributed. We would like to find a place that can use them, but if there are no takers we would ask that the libraries be responsible for surplus them. The books can always be sent to the Library of Congress Gifts and Exchange Division." If it's ok with MHSLA, Heidi will send titles that have not been claimed for the year to MSU's surplus.
