Banner Live!

FACT Meeting Notes
Monday, April 16, 2007
3 – 4 pm; CSS 302

Present: Lisa Besemer, Vicky Deur, Pat Klarecki, Melissa Dohnal, Kathy Fisher, Jo Gerst, Kim Graboskey, Denise Grinnell, Lori Henderson, Kris Rasmussen, Bruce Gilchrist, Craig Westman, Karen Thompson, Bobbie Landreth, Dave Steffens, and Adam Wetherell.

Absent: Sara Dew, Kim LaTendresse, Rob Wagner

1. **Explorer 7** - An announcement was received from SunGard that Banner is now supported with IE7. There was a concern that Standards Committee had not evaluated all applications to verify they worked with IE 7. Concerns about INB, SSB, WebFOCUS were voiced. Lisa Besemer will bring this concern up at the next Standards meeting. At this time, the FACT is recommending that Ferris not move to IE7 use with Banner until testing is completed.

2. **End of Term processing –** Kathy Fisher wants to do more testing on the end of term processing. The repeating of classes had some grade calculation issues in the Fall. Discussion was held on the cloning of GOLD to SAND and when that should occur. Currently the clone of SAND is to happen on April 30th. Kathy will try to verify if there are enough class grades posted for testing purposes. This issue will be discussed at the next FACT meeting (4/30/07).

3. **Working Product calendar --**

Items placed in priority order by FACT

Priority	Work Month	Target Date	Project	Resources/Areas
