MLA Liaison Committee  
Annual Report  
1981/82

The MLA Liaison Committee did not have a formal meeting this year. The President did hold telephone conversations with the committee members about the status of MHSLA's relation with MLA without affiliation.

Since membership with MLA was voted down at the last annual business meeting the Committee members concurred that the Liaison Committee would maintain the same status as before the affiliation study. Plans for next year should include establishing a forum for communicating to MHSLA members what is happening with MC and MLA and its relation to them.

Respectfully Submitted,
