.IDEAS ON PROGRAM FOR MHSLA EDUCATIONAL CONFERENCE - 1982

- offered by the Education Committee

I. Two concerns:

  1. Get everyone participating <u>actively</u> in the sessions: thus, three formats: workshops, mini-topics, roundtable discussions.

  2. Provide balance in the choice of topics offered.

II. Theme:

  "<u>Participation in the Information Exchange</u>" or "Getting Involved in the <u>Information Exchange</u>".

III. Workshops:

  1. Micro/mini computers and their application to libraries

  2. Charges for services (Fee vs. Free, how to set up a pricing structure)

  3. Teaching techniques for librarians

  4. Basic internal statistics-keeping for libraries (best way to present statistics to management)

  5. Word processors in libraries

  6. Searching Clinic (Nursing lit., Toxicology Data Bank, Psychiatry-perhaps two of three)

  7. Time management techniques for librarians

  8. ~~AV cataloging with AACRII~~

  (9. Roundtable discussions on selected mini-topics - offered Fridays only)

IV. Mini-topics

  1. RML Reconfiguration

  2. What's RLIN?

  3. What's a ROC?

  4. What's a MICCLE?

  5. New Med. Lib. Assn. structure

  6. Faxon's online system

  7. Med. Lib. Assn. Hospital Library Consulting Program

  8. Integrated Library Systems

  9. ~~APPLE computers~~

  10. Computer jargon (e.g. floppy disc)

  11. Med. Lib. Assn. certification requirements

  12. Movies (health, patient/consumer information, reference skills - one from Region 7)

  13. Hoe to read an ILL TWX message

  14. Update on the Thor Power Tool Co. decision

  15. Michigan legislation regarding libraries

  16. <u>Michigan</u> Library Association

IV. Mini-topics (cont.)

    17. What makes TIP work?

    18. Library Technicians Programs

    19. Best reference books of 1982

    20. Third party payment – (How does the library get its share?)
