

Comments from the MHSLA Board meeting I attended January 22, 1982:

1. Generally, the Board was extremely pleased, surprised, and satisfied with the proposed conference ideas from the Education Committee. Suggested topics will be narrowed down at the next Conference Planning Committee meeting. The Board especially liked the idea of greater opportunity of participation of members through the mini-topics and round table discussions.
2. The Ed. Committee's further involvement with MLA CE courses is still unclear.
3. The Board wants a formal proposal on reimbursement for the MICCLE representative at the next Board meeting.
4. It also wants a formal proposal that the chairperson of the Ed. Comm. be the MICCLE representative.
