### **Announcements**

Rick

- A representative from Ikon will be in the building today (March 9) to look at some equipment replacement. Any extra equipment purchased will not increase our maintenance costs.
- Good turnout at the Windows XP sessions. Jody and Rick will likely schedule one more make-up session for those that could not attend. If you think up other issues relating to Windows and training, let Rick know

Keith

- Deadline for spending acquisitions dollars in May 1. That date is fast approaching

### **Discussion**

Anne

- Led discussion on the FSUS program that we hosted last fall. We did 107 sessions. Some of the feedback that we got was that the honors students (and perhaps Pharmacy) need to be challenged more. We also will be moving up the sessions to mid-September to mid-October. Let Anne know if you are willing to lead some sessions of this program

General Discussion

- It came up that some libraries have links to chat on their catalog pages. Rick will look into the technical aspects of doing this.

With no further business, the group

adjourned at 11:38 with no objection

Respectfully submitted:

David Scott
