## 2009/2010 Graduate Follow Up Survey - Overall Results

**Note:** Respondents included here include those who are employed, continuing their education full-time, or who are employed and continuing their education.

**Note:** Salary information is given when there are 2 or more respondents for the listed program (unless the information wasn't provided by the respondents).

**Note:** Only programs with graduates for 2009-10 are listed on the report.

**Note:** Due to a lack of updated valid e-mail and postal service mail addresses, the overall response rate was lower than in previous years, which should be taken into account when comparing 2009-10 with previous years (22%).
