## 2001-02

February 2002

Dear Colleague:

The *Ferris State University Fact Book* is a project conducted as a service to the University community by the Office of Institutional Research and Testing in the Division of Student Affairs. This eleventh edition is a document that is designed to answer the most frequently asked questions about FSU.

In response to faculty and staff suggestions, we have enhanced the 2001-2002 *Fact Book* to include several new items, such as

- Percent of students by ethnicity, page 37
- Pages numbered consecutively
- Retention rates, page 61

Our appreciation is extended to the many offices that assisted us with the development of the information. Please don't hesitate to contact us if you have any questions. Thank you.

# GENERAL INFORMATION

## **MISSION STATEMENT**

Ferris State University will be a national leader in providing opportunities for innovative teaching and learning in career-oriented, technological and professional education.

## **HISTORY**

Ferris State University is recognized for its career-oriented educational programs that are designed to meet the technology and work force demands of business and industry, the health-care professions, and society in general through applied research and practical education. Founded in 1884 on the concept of providing students with marketable skills, Ferris was established by Woodbridge N. Ferris (1853-1928), a distinguished Michigan educator and politician who served two terms as the state's governor and was elected a United States senator. Ferris was a private institute until 1950, when it joined the state higher education system. The college obtained university status in 1987.

**CAMPUS SIZE**                      800 acres

**ACADEMIC DIVISIONS**

- College of Allied Health Sciences
- College of Arts and Sciences
- College of Business
- College of Education and Human Services
- Kendall College of Art and Design
- Michigan College of Optometry at F.S.U.
- College of Pharmacy
- College of Technology
- University College

## **GENERAL INFORMATION**

### **LOCATION**

The Ferris State University campus is located in Big Rapids, a west central Michigan city of approximately 12,600 in the vacation-recreation region. The campus is readily accessible by the US-131 expressway and state highway M-20. Big Rapids is 55 miles north of Grand Rapids and within 200 miles of Chicago and Detroit.

In an effort to keep pace with changing needs and advances in technology, the Ferris campus has been updated and renovated over the years. The 800 acres of rolling hills along the western bank of the Muskegon River is dotted with 115 modern campus buildings.

### **EDUCATIONAL PROGRAMS**

Ferris offers more than 100 educational programs through the Colleges of Allied Health Sciences, Arts and Sciences, Business, Education and Human Services, Kendall College of Art and Design, Pharmacy, Technology, Michigan College of Optometry at Ferris State University, and University College. These offerings lead to bachelor and associate degrees and certificates and master degrees in Information Systems Management, Career and Technical Education and Criminal Justice. Doctorate degrees in Optometry and Pharmacy are also offered.

Each college encompasses a cluster of related programs that are targeted to prepare students for specific careers. The colleges operate in facilities that have been specially designed and equipped to support their missions.

Ferris is a national leader in the development of the concept of laddering, which enables students to advance their careers by building on previous training. For example, an individual who has gained employment after completing a two-year degree may later seek career advancement by returning to Ferris and earning a bachelor degree. This concept also permits students to readily transfer into Ferris programs.

### **ADMISSIONS**

Keeping with the educational philosophy of its founder, Ferris State University is able to accept most mature and serious-minded applicants. Admission to certain programs, however, depends on the consideration of the applicant's appropriate qualifications for each program. For specific program requirements, please refer to the University catalog.

## **GENERAL INFORMATION**

### **FINANCIAL AID**

More than 74 percent of the students presently enrolled at Ferris State receive some type of financial aid through federal, state and Ferris programs, including scholarships, grants, loans and student employment. Ferris State University awards more than \$49 million in student aid annually.

Most financial aid is based on need and is intended to assist students whose families cannot pay all or perhaps any of the college costs. Information on financial aid programs may be obtained by contacting the Office of Scholarships and Financial Aid at 1-800-940-4AID.

### **HOUSING**

Ferris State University residence halls provide students with the convenience and opportunity to pursue their studies in an environment that supports the academic mission of the University. Various halls are designed to cater to specific interests and needs. Among them are halls for non-traditional students, a substance free hall, smoke free halls, private room halls, apartment style hall, and Honors Halls. All residence halls offer challenge and a variety of growth experiences including considerable employment opportunities.

Special services within the halls include computer labs and individual student rooms that have Ethernet connections for computer use, University cable service including the RHA movie channel, washers and dryers, cooking capabilities, direct long distance dialing, front service desk and night security. Social, recreational and educational programming are routinely provided. Each hall has a hall director and student resident advisors.

The University apartments consist of the west campus townhouses, and the east and south complexes. The west campus complex has 150 two bedroom and 50 three bedroom unfurnished townhouses which are designed to provide a family atmosphere to students with families. Handicapped accessible townhouses are also available in which the entire living area is on the ground floor, including laundry facilities with full basement

The east and south complexes consist of 188 one and two bedroom units. They are designed for single students and have laundry facilities in each building.

All apartments provide computer network connections to access the Internet, library and the University mainframe. Telephone and cable television and cable television connections are also provided. A community center in the center of the west campus complex houses a computer lab, meeting rooms and a large multipurpose room where educational, social and children's programs are held.

### **CAREER RESOURCES AT FSU**

A Ferris State University career-oriented education is complemented by comprehensive career resources available from the Educational and Career Counseling Center, staffed with educational counselors, and the Career Services office, staffed with job search specialists. Students may register for CARE 102, *Career & Educational Planning*, or two UNIV 290 courses, *Job Search Success and Exploring Leadership*.

## **GENERAL INFORMATION**

### **CAREER SERVICES**

The Career Services Office assists students with their career development and job search utilizing the web. The office maintains a career and employer library for students exploring career options and employment opportunities. Career Connections, a state-of-the-art internet-based software package gives students/alumni their own personal web site to create/upload their resume to forward to Career Services for inclusion in a candidate database. Students/alumni can view job postings, sign up for on-campus interviewing on line or view their own schedule of events to keep on track with their job search. There is a whole array of other career-related information on the Career Services web site accessible at [www.ferris.edu/careerservices](http://www.ferris.edu/careerservices).

Career Services hosts over 200 employers per year for on-campus recruiting and 400+ attend the biannual job fairs held each year. Annual studies of employed alumni indicate that 90% are employed in occupations related to their major field of study at Ferris and 98% of graduates are working or continuing their education. Ninety-seven percent of graduates seeking employment found jobs. All seven colleges had a 96% or higher placement rate. A Career Success Conference held each semester, classroom presentations, walk-in resume review hours, career consultations, and mock interviews help give students both immediate and comprehensive assistance in meeting their career goals.

### **EDUCATIONAL AND CAREER COUNSELING**

Educational counselors provide information on all academic programs in Ferris' under graduate colleges. These counselors are located in the Educational and Career Counseling Center in STARR 313, and in the colleges of Allied Health Sciences, Arts and Sciences, Business, Education & Human Services, and Technology.

In addition to providing academic counseling, the Educational and Career Counseling Center (ECCC) offers assistance in making career choices. Finding the right career depends on several factors. Two strong factors are personality and interests. Students can receive information in these areas by taking the Myers Briggs Type Inventory and the Strong Interest Inventory through the ECCC in STARR 313. A licensed counselor interprets the results with the student and provides information on careers that are aligned with the student's personality, interests, values, and skills.

### **COMPUTING AND TELECOMMUNICATIONS FACILITIES & SERVICES**

A high-speed, wide-area network provides broad campus access to academic servers, the Internet, and other computing resources such as the FLITE Library. Each of the 3,000 residence hall rooms and University apartments has Ethernet connections. Every residence hall is equipped with a computer lab. In addition, there are large computing laboratories available to students in various locations on the Ferris State University campus. The Ferris Digital Initiative Technology Fee provides for installation of a network card for on-campus students, copies of Microsoft Office and FrontPage, and checkout of selected Microsoft programs. The University operates a Nortel Private Branch Exchange for voice services. Remote data access to the Internet and campus facilities are provided for all faculty, staff and students. Fiber optic, broadband, twisted pair and wireless networks are utilized to provide services for voice, data and video. The University's IBM enterprise server supports online processing for academic and administrative users. Lotus Notes electronic mail and calendar service is available to faculty and staff. Imail electronic mail is offered to students on and off campus. The Ferris Web site (<http://www.ferris.edu>) provides information about the University and is used to support student Web services.

## **GENERAL INFORMATION**

### **STUDENT AFFAIRS**

The division of Student Affairs provides a variety of services for students through the following departments: Birkham Health Center, Career Services, Counseling Center, Enrollment Services, Minority Affairs, Rankin Student Center, Student Leadership & Activities and University Recreation. All of these departments work with students to enhance their university experience.

The Office of Student Leadership & Activities helps students use and grow their talents through campus and community involvement. To keep students involved and connected to the University, there are more than 200 registered student organizations (RSOs), including sports clubs, Greek-letter organizations, religious groups, academic societies and professional associations. The Student Volunteer Center refers hundreds of Ferris students each year to area agencies seeking volunteers. A variety of leadership programs are offered throughout the year to help students develop marketable leadership and management skills.

### **ATHLETICS**

The Ferris State University Bulldogs are members of the National Collegiate Athletic Association (NCAA). Varsity teams compete in the Central Collegiate Hockey Association (NCAA Division I) in ice hockey and the Great Lakes Intercollegiate Athletic Conference (NCAA Division II) in all other sports.

Ferris students participate in 15 varsity sports: golf, tennis, basketball, track, cross country, softball, soccer and volleyball for women; golf, tennis, basketball, track, cross country, hockey and football for men.

### **INTRAMURAL AND RECREATIONAL SPORTS**

Annually, more than half of the student body participates in organized recreational sports activities, including extensive intramural and club sport programs. Other students participate in informal recreation activities. Ferris provides ample facilities for athletics and recreation, including a Student Recreation Center with pool, weight room, basketball and volleyball courts and indoor track; a golf course; a sports complex including full and half-size ice rinks, additional basketball and volleyball courts; racquetball courts and indoor and outdoor tennis courts.

### **CULTURAL EVENTS**

Concerts by Ferris State Music Center organizations such as the West Central Concert Band, Chamber Orchestra, Jazz Ensemble, Concert Choir, and Ferris Wheels (men's glee club), and productions of the University Theater are augmented by appearances of professional music, drama and dance organizations and other performing arts groups.

The Ferris Art Gallery features exhibits of paintings, prints, photography, sculpture and crafts, as well as special exhibits featuring leading Michigan artists, FSU faculty and students.

The Arts and Lectures Committee offers a schedule of lectures, concerts and films, while Entertainment Unlimited and the Music Industry Management Association present pop/rock and comedy concerts and other events of a contemporary nature.

The Center for International Education's "International Festival of Cultures" brings the world to Big Rapids with students, faculty, staff, and community members presenting cultural displays, performances, and food from more than fifty countries worldwide.

### UNIVERSITY CENTER FOR EXTENDED LEARNING

Through The University Center for Extended Learning, Ferris State University *extends* its course offerings, programs and knowledge beyond the traditional campus in Big Rapids to non-traditional/adult learners. In addition to our regional centers in Michigan, we offer a variety of distance education courses through the web and interactive video network. Our commitment to lifelong learning also extends to non-credit programs for professional development and training.

- **Statewide Off-Campus Degree & Certificate Programming:**  
Many degrees and certificate programs designed to meet the needs of adult learners are offered at strategic sites throughout the state of Michigan using a variety of delivery methods, including interactive video and the Internet. Programs are administered through regional centers in Northern, Southeast and Southwest Michigan and courses are delivered in cities such as Clinton Township, Dowagiac, Flint, Jackson, Lansing, Midland, Niles, Traverse City and Troy. Adult learners find earning their degree easy with evening and weekend classes that fit around their busy schedules.
- **National Degree & Certificate Programming:**  
Extending the reach of Ferris State University beyond the borders of Michigan is the goal of the National Degree & Certificate Programming initiative. New to the Extended Learning unit in 2001, plans are being developed to offer Ferris programming at strategic locations throughout the country – some of which are military installations.
- **Corporate & Professional Development Services:**  
Two divisions of Extended Learning offer their services under the umbrella of Corporate & Professional Development Services. These are:
  - **Conferences & Professional Programs:**  
Our Conferences and Professional Programs team provide conference design and development consultation services that includes planning, strategy, and implementation. To help ensure that programs succeed they assist with the marketing and promotion, the financial management of budgets, contracts, and registration, and even site selection, facilities arrangements, on-site services, and evaluations.
  - **Technology Transfer Center:**  
Transfer of knowledge and training to meet the professional and career needs of Michigan's workforce is the central focus of the TTC mission. To this end, Ferris' Technology Transfer Center provides customized education programs and technical assistance for Michigan and beyond. The Center specializes in developing need-specific training programs, technical assistance for manufacturers, and industry-specific certification and testing programs.
- **Charter Schools Office:**  
The Charter Schools Office has the responsibility of overseeing the operation of Ferris State University chartered academies to insure that they are complying with their charter, state and federal regulations and making progress toward meeting their stated goals. Ferris currently has 16 authorized Charter Schools and has oversight responsibility for 2 other schools chartered by Bay Mills Community College. Combined, these academies serve more than 5,000 students in grades K-12 and are geographically located from Benton Harbor to Monroe and as far north as Saginaw.

## **GENERAL INFORMATION**

### **TECHNOLOGY TRANSFER CENTER/A Division of Corporate and Professional Services**

Ferris State University's Technology Transfer Center (TTC) has been involved in partnerships to help businesses with solutions to training and industrial process needs since 1984. Over 1,000 companies have taken advantage of the skills and facilities offered.

TTC is known for its ability to partner with business and industry to tackle issues related to custom training, process consulting, certification, and assessment. Through the establishment of custom workshops and public institutes, training and certification needs can be solved at company, state and national levels. Work is accomplished by contracting with the TTC to create the proper partnership between the company, Ferris State University faculty and staff, outside resources, and students to complete the project goals.

TTC offers custom assessment and technical training solutions to company-specific product, process, and equipment to provide business and industry a return on investment of training dollars. Training can be delivered at the training facilities located at the main complex in Big Rapids, or at the company's plant site.

TTC facilities are air conditioned and equipped with audiovisual equipment. Computers and related equipment may be provided. Training on hundreds of technical topics is provided. Training may also involve participant assessment and certification as required. TTC has invested in the future of training by creating the capacity for development of computer interactive training for business and industry (custom CD-ROM, interactive television or internet delivery as well as traditional lecture/lab).

In order to keep costs down (through long term delivery methods) and keep training value high (while providing a customized training program) TTC creates custom or standard training modules. These modules utilize computer interactive theoretical training combined with hands-on applied training. This type of training has been successfully completed for Evert Products-Textron to teach plastic injection mold operation, D-M-E Company, Inc. to teach injection mold base technology, custom automated production line training for FIAMM Technologies Incorporated, and Rubber Processing Operator Training nationally for the Rubber Manufacturers Association, industry wide "Manufacturing Safety & Health Training", and "Binocular Indirect Ophthalmoscope" training for optometrists.

New trends in industry show that the new workforce requires more technical training and employers want to pay for skill, not time-in-task. Therefore, certification tools have become an important part of TTC's offerings. A good example of certification is the national training and assessment program developed for the Rubber Manufacturers Association, Molding Operator training packages, and international certification tools for the United Association of Journeymen and Apprentice Plumbers and Pipe Fitters of the United States and Canada.

In the area of grant writing services, TTC has been successful in helping gain support for industrial and business projects. In the past ten years, TTC has managed over \$2.7 million in grants. Through the State Workforce Commission-Economic Development Job Training Grants, twelve companies have obtained a total of over \$1,000,000 in grants to provide needed training to upgrade their workforce. The providing of delivery services has also been completed in many community college held grants.

The Technology Transfer Center provides custom and institute-based training and certification; grant writing services, computer interactive training and multimedia services, and manufacturing consulting and assessments to meet the needs of business and industry.

The Technology Transfer Center is located at 1020 East Maple Street near the Big Rapids Industrial Park. Phone 231-591-5800, Fax 231-796-1448.

## **GENERAL INFORMATION**

### **FERRIS-GRAND RAPIDS**

Ferris-Grand Rapids campus includes the Applied Technology Center at 151 Fountain St. NE and the Kendall/Ferris building at 17 Fountain St. NW. Both facilities are conveniently located in downtown Grand Rapids.

The ATC offers 170,000 square feet of instructional and office space including computer, computer aided design, electronics, manufacturing, materials testing, plastics and heating, air conditioning and refrigeration labs. In addition, the ATC houses an auditorium, banquet and teleconferencing facilities.

In 1996 the Board of Trustees of Kendall College of Art and Design voted to merge Kendall with Ferris State University. This decision initiated a greater commitment on behalf of Ferris to expand programming in Grand Rapids and resulted in the purchase of an additional facility at 110 Ionia NW. Kendall College of Art and Design educates its students to be leaders in the arts. It provides a dynamic learning environment that prepares its students to be "working artists" and to achieve professional careers in art and design.

In 1999 Ferris-Grand Rapids established The College of Professional and Technological Studies (CPTS) to provide greater flexibility in developing academic programs that meet the needs of business, industry and the community at large. CPTS will offer career-focused baccalaureate and masters degrees, professional development certificates, standard college and customer responsive courses, customized training courses, distance learning courses, and prior learning assessment services to advance students' career goals.

The Kendall/Ferris building offers classrooms, gallery space, and IBM and MAC computer lab facilities and houses the Kendall/Ferris bookstore and programs of Kendall College of Art and Design.

Today Ferris-Grand Rapids offers more than 25 professional development certificate, associate, bachelor and master degree programs and serves as a model for Ferris' growth across the State of Michigan.

### **CAMPUS MEDIA**

Ferris offers students a variety of media, including a campus newspaper and local cable system (Channel 7). *The Torch*, which is published weekly, informs students of University news, events, and other related campus issues. FSU-TV Cable 7 serves the campus and community with educational and public service television programming. The *FYI* is an internal newsletter published weekly for faculty and staff with limited student distribution, and the *Crimson & Gold*, published three times yearly, is aimed at keeping alumni and other key audiences informed. Some of the colleges and programs on campus also publish their own alumni publications.

### **INTERNATIONAL AFFAIRS**

The Office of International Affairs is located on the third floor of Bishop Hall. It is responsible for the administration of international programs. The office has four primary areas: 1) the Intensive English Program which provides international students with training in English to prepare them for entering the University; 2) Study Abroad and International Exchange Programs, allowing Ferris students to study in destinations throughout the world; 3) advising of all international students, and assisting departments in bringing international scholars to campus; 4) recruitment and admissions of all international students.

## **GENERAL INFORMATION**

### **FERRIS LIBRARY FOR INFORMATION, TECHNOLOGY, AND EDUCATION (FLITE)**

**The Ferris Library for Information, Technology and Education (FLITE)** first opened its doors on March 12, 2001, as a premier research facility integrating modern technology with traditional information resources. Designed for flexibility and versatility, FLITE will continue to adapt to the world's advancing digital age. The Library houses 300 new desktop computers, over 1,000 live ports to accommodate expansion/laptop access, and seating for more than 1300 visitors, including more than 45 individual and group study rooms. Among its customer service oriented attributes, FLITE contains an extended-hours study area, a family study room for visitors accompanied by children, and a food court with vended beverages and snacks. Students using the Library have access to a multimedia laboratory designed for experimenting with new technologies including scanners, CD burners, video-editing software, and digital still cameras. An adaptive technology laboratory facilitates the learning and research of students requiring special accommodations.

FLITE serves as a gateway to a variety of information resources available both on-site and remotely in print and digital formats. FLITE houses a collection of over 340,000 volumes. As a Federal Depository Library for U.S. documents and a Patent and Trademark Depository Library, FLITE offers users access to vast amounts of government information. Subscription databases, many containing full-text journal articles, and print journal subscriptions give users access to nearly 10,000 journals. The Library's online catalog as well as many of the University's digital resources are available through the Library's Web site at <http://www.ferris.edu/library/>. Interlibrary loan and document delivery services are offered to all faculty, staff, and students, including off-campus students, allowing users access to an immeasurable number of additional resources. Faculty, staff, and students can receive help using these resources by calling the Library, filling out electronic forms on the Web site, or stopping by the North Service Desk in FLITE. Patrons can also receive personal assistance from subject specialist librarians.

FLITE takes full advantage of advanced technologies to expand opportunities for teaching and learning. The Library contains three instructional studios equipped with 20-30 computer stations, instructor station, sound and projection equipment, TV/VCR, and DVD. Additional equipment is available upon request. These studios allow librarians and other faculty to teach students information seeking and critical thinking skills necessary to evaluate the burgeoning mass of available information resources. The information literacy program starts with the basics in Ferris State University Seminar (FSUS) courses and provides instruction in specialized library use and research to classes upon request of instructors. In addition to instructional studios, FLITE also contains 6 seminar rooms of varying sizes to accommodate classes or meetings.

FLITE also houses the Instructional Technologies Center and the Center for Teaching, Learning, and Faculty Development. Along with traditional library services, these units represent a broad spectrum of information and instructional resources. The three units work collaboratively to provide teaching faculty with one stop access to information specialists and media development personnel who can assist in locating information for course content and creating instructional materials in a variety of multimedia formats.

### **KENDALL COLLEGE OF ART AND DESIGN OF FERRIS STATE UNIVERSITY**

Kendall College of Art and Design in Grand Rapids, Michigan, began in 1928 through a generous endowment provided by Helen M. Kendall as a memorial to her husband, David Wolcott Kendall, known as the Dean of American Furniture Designers. Helen Kendall envisioned a school whose graduates would be leaders in the world of art and design, and throughout its history, Kendall College of Art and Design has prepared generations of students for careers as professional artists and designers. In addition, Kendall College of Art and Design is an active partner with the community, annually providing more than 2,000 children and adults with the opportunity to pursue courses in art and design through one of the richest and most varied continuing studies programs in the United States.

In 1996, the Board of Trustees of Kendall College of Art and Design voted to merge Kendall with Ferris State University, a process that was completed in December 2000. In combining these two distinctive institutions, the Boards of both Kendall and Ferris forged a union that offers students the educational opportunities and strengths of each institution.

The mission of Kendall College of Art and Design of Ferris State University is to educate its students to be leaders in the arts by nurturing creative and intellectual excellence; to promote in its students an awareness of social responsibility; to provide a dynamic professional environment; to move the institution toward national prominence; and to support institutional integrity through resource development.

As part of Ferris State University, Kendall College of Art and Design is accredited by:

The Commission on Institutions of Higher Education  
Of the North Central Association of Colleges and Schools

## GENERAL INFORMATION

### POINTS OF INTEREST

**Alumni Building** (1929) - The oldest building on campus and the only building to survive the fire in 1950. Classrooms and faculty offices for the College of Arts and Sciences are in this building. It also houses the UCEL office, Communications Center and Institutional Research and Testing offices.

**Arts and Sciences Commons** (1996) - houses Arts and Sciences faculty and administrative offices, the Card Wildlife Education Center, the Math Science Technology Center, and features "The Visionary," a mural – one of the largest of its type in the world – depicting the history of FSU, and the Writing Center which provides peer tutoring to assist students with writing and study skills. This building connects the Science and Starr Buildings.

**Automotive Center** (former Technical and Applied Arts Center) (1956) - Comprises the instructional and lecture facilities for Automotive Services, Automotive Body and Auto and Heavy Equipment Management.

**Business Building** (1970) - Houses the auditorium, classrooms and offices of the College of Business. Extensive terminal and mainframe computer facilities include one of the state's largest "library concept" microcomputer laboratories used for educational purposes.

**Bishop Hall/College of Education** (1967) - Built as a residence hall, it was remodeled in 1986 to house the College of Education administrative offices and classrooms and the Intensive English program. It also houses the office of the President, Academic Affairs, and Budgetary Planning.

**Construction Technology Center** (1962) - Provides lecture facilities for the Energy Systems Technology and Construction Engineering Technology program areas.

**Creative Arts Center** (1965) - This building houses the studios, classrooms, and faculty offices needed for the Studio Arts in the College of Arts and Sciences.

**Ewigleben Sports Complex/Ice Arena** - Comprises two indoor ice rinks and a recreational wing with facilities for intercollegiate hockey, recreational hockey and skating, basketball, and volleyball, all completed in 1975. An addition completed in 1981 includes a combative room, fitness and sports medicine facilities and a mini-arena.

**G. Mennon Williams Auditorium** (1962) – This facility houses FSU's theater program and also serves as the major multipurpose auditorium for the FSU campus. With seating for 1,799, Williams Auditorium hosts musical, dramatic, cultural, and convocation events throughout the year. It also is available for public rental use when scheduling allows.

**Heavy Equipment Center** (1987) - A 52,000-square-foot building accommodating students in the heavy equipment and auto programs. The HEC building is the largest facility in the country dedicated to training heavy equipment and heavy duty engine technicians.

**Instructional Resource Center** (1969) - Contains large lecture halls, distance learning room, television studio, and media services for the whole campus.

## **GENERAL INFORMATION**

**Holiday Inn Hotel and Conference Center** (1993) - The facility is located adjacent to the Katke Golf Course and overlooks the campus. The complex houses 16,772 square feet of meeting facilities, 118 guest rooms, banquet facilities and a restaurant. The conference facilities are used for continuing education activities, conferences and workshops.

**Katke Golf Course** (est. 1974) - Katke is a full service 18-hole championship golf course that measures 6,729 yards (slope rating 130) from the back tees, 6,174 (slope rating 124) from the middle tees and 5,355 (slope rating 124) from the forward tees. The state-of-the-art practice facility includes 100,000 square feet of grass teeing space, six target greens, a large short game area that includes a chipping area and bunker for greenside or fairway bunker shots and 2 practice greens with over 15,000 square feet of space. The practice facility is encompassed by a 3-hole practice course that includes two par 4's measuring 325 yards each and a 150 yard par 3. Our full service clubhouse sits atop the highest point in Mecosta County with excellent views back to campus. The clubhouse facilities include the Founders Grille Restaurant which features burgers, sandwiches and a wide selection of appetizers, a 1,000 square foot multi-purpose room that holds up to 75 people for meetings or small parties; men's and women's locker rooms and a golf shop stocked complete with all of your golfing needs. A staff of PGA Golf Professionals is available to provide tournament services, golf clinics, private video lessons and club fittings by appointment. The golf course is conveniently located adjacent to the Holiday Inn Hotel and Conference Center on the far west point of campus.

**Michigan Art Walk** (1996) - The Ferris Renaissance is a 20-year vision for aesthetically improving the Ferris State University campus. The Michigan Art Walk is one component of Ferris Renaissance whereby original pieces of art work created by Michigan artists are installed throughout campus and linked by a meandering pathway, ultimately reaching into the Big Rapids community. The inaugural sculpture of the Michigan Art Walk, by Ann Arbor-based artist Barron Naegel, was installed in the fall of 1996. Also installed as part of Ferris Renaissance in the fall of 1996 were a wall sculpture by Daniel Roache, under the auspices of the Presidential Art Collection, and the main panel of Robert Barnum's "The Visionary," which depicts the history of Ferris State University. Ferris Renaissance continued with the unveiling of "Escape," an outdoor sculpture by R. Farrington Sharp, on October 17, 1997. The side panels of "The Visionary" were unveiled on February 20, 1998, completing Barnum's triptych. "Totem Stack," a sculpture by Ferndale artist Albert Young, was unveiled on May 7, 1998. "Muse" by Irina A. Koukhanova, was dedicated on November 19, 1998, and sculptor Fritz Olsen's "Ripples" was unveiled November 19, 1999. Lois Teicher's functional piece, "Bench With Three Deep Seats," was dedicated on June 14, 2000. "Ferris Arch," a limestone sculpture by Kenneth Thompson, dedicated October 10, 2001, is the latest addition to the Michigan Art Walk.

**Music Center** (1962) – The Music Center is located at the heart of the campus at the foot of the Carillon Clock Tower on the south end of the quad "green space" and just north of Top Taggart Field (football stadium). This facility offers rehearsal and practice space for all varieties of ensembles. The band room can accommodate groups of up to 100 musicians and the Choral Room provides room for 60 musicians. Private practice rooms are available and are ideal for individual practice or small groups of 2-3 persons. Each practice room contains an acoustic piano. The Humanities Department maintains these instruments (regular tuning, etc.) as a service to currently enrolled students. The piano lab has 12 stations (full size keyboards) that are used for group instruction and practice for those enrolled in music classes. The music faculty and ensemble director's offices are also in the Music Center.

## GENERAL INFORMATION

**National Elastomer Center for Rubber and Plastics Technology** (1998) - This state-of-the-art facility was opened in September 1998, the only one of its kind in the nation. Elastomers are a combination of rubber and plastic compounds used in a variety of applications in the automotive, defense, appliance and other industries.

**Pennock Hall/Michigan College of Optometry** (1968) - Built as a residence hall, it was renovated in 1977 to serve as the permanent home for the Michigan College of Optometry at F.S.U.

**Pharmacy Building** (1972) - Designed to house all operations of the College of Pharmacy, including specialized laboratories and the model pharmacy, and also contains an antique pharmacy exhibit.

**Presidential Art Collection** (1996) - Daniel Roache was chosen as the first contributor for a collection featuring commissioned works by Michigan artists honoring Ferris presidents. His aluminum, wall-mounted sculpture representing the seven academic colleges hangs in the Williams Auditorium lobby. A bronze bust of President Byron Brophy by Midland sculptors James S. Hopfensperger and Joan Hopfensperger-Most was dedicated on April 30, 1999. It is on display in the Ferris Library for Information, Technology, and Education (FLITE).

**Racquet Facility** (acquired in 1980) - The facility contains tennis and racquetball courts and weight lifting and aerobics facilities for intramural and intercollegiate athletics and is open to the general public.

**Rankin Center** (1957) - Remodeled and updated in 1987, it is the hub of campus, housing the James L. Lundberg Bookstore, recreational facilities, offices for the student newspaper, student government and various other student organizations, catering/booking offices and the Ferris Art Gallery. On the administrative side, there are offices for minority affairs, student judicial services, student activities, career services, personal counseling, the vice president for student affairs and the dean of student life. Additional services include three dining facilities, meeting rooms and a large ballroom/banquet room.

**Science Building** - Originally built in 1956, remodeled and expanded in 1967, completely renovated in 1997, this building provides teaching auditoria, classrooms, and science laboratories for the College of Arts and Sciences, as well as the Rawlinson Observatory, John and Rhea Smith Greenhouse, and Ritz Reading Room.

**Victor F. Spathelf College of Allied Health Sciences** (1979) - This four-level structure contains the specialized classrooms, laboratories and offices for the students, faculty and administration of the College of Allied Health Sciences.

**Starr Building** (1961) – Completely renovated in 1995, students now enjoy new furnishings, state-of-the-art instructional equipment, multimedia labs, study rooms and lounges. It is FSU's largest general classroom building and houses the administrative offices for University College and the Educational and Career Counseling Center; Williams Auditorium, where dozens of live performances and special events are offered each year; and The Jim Crow Museum, a privately donated collection of American racist memorabilia artifacts.

## **GENERAL INFORMATION**

**Student Convocation Center/Wink Arena (1999)** – The 42,000 square foot facility, located adjacent to the Ewigleben Ice Arena, seats 2,400, including prime sections of chair-back seating. The building complex features an expanded lobby that adjoins the Ice Arena with a new pro shop, concession stands, and a display for the Bulldog Hall of Fame. This new center serves as the home for the FSU men and women's basketball programs, and is also used for commencement exercises, major concerts, and special events.

**Student Recreational Center (1998)** - The former HPE/Wink Arena building was remodeled and reopened August 30, 1998. The facility gives students, faculty and staff a modern gymnasium, weight room, aerobic room, exercise machines and elevated track. A student lounge, indoor swimming pool, spa, and 40-foot climbing wall was completed in 1999.

**Swan Technical Center (1966)** - Many College of Technology department offices, classrooms, and laboratories designed specifically for engineering technology instruction are located in this building.

**Technology Transfer Center (TTC)** (donated in 1984 by Hitachi Metals International) - This 9,000-square-foot building, located off-campus on Big Rapids' east side, contains a fully equipped multi-media computer laboratory, classrooms, a conference room and offices (for more information see page 10).

**Timme Library (1967)** - The Abigail S. Timme Library, which bears the name of a Ferris alumna and benefactress, is a 59,000 square foot, three-level building situated in the heart of campus. Construction of the new Timme Center for Student Services is scheduled for a June 2002 completion.

**Ferris Library for Information, Technology, and Education (FLITE)**(2001) - Located in the heart of the recently redesigned main campus, FLITE combines the collections and services of the former Timme and Health Science Libraries and houses the Center for Teaching, Learning, and Faculty Development and the Instructional Technologies Center. At 173,000 sq. ft., FLITE is nearly three times the size of the former Timme Library and features a variety of public work and study spaces, total seating capacity of 1,300, shelving for 440,000 items, and over 600 active ports for computer connectivity. FLITE is a Patent and Trademark Depository Library for western lower Michigan, one of three such sites in the state. Additionally, FLITE is a depository for U.S. Bureau of the Census and State of Michigan publications.

**Tot's Place** (instituted 1987) - Located on the first floor of Bishop Hall, Tot's Place is the laboratory for the child development program. Tot's Place provides childcare for children of students and faculty/staff as well as Big Rapids community residents.
