

FACT BOOK

2005-06

January 2006

Dear Colleague:

The *Ferris State University Fact Book* is an annual project conducted as a service to the university community by the Office of Institutional Research and Testing in the Division of Student Affairs. This 15th edition is a document designed to answer the most frequently asked questions about FSU.

The Fact Book is also available on the Ferris State University website. To access the current Fact Book as well as previous editions, go to www.ferris.edu and click on the Faculty/Staff link. Then select the Institutional Research and Testing link located near the bottom of the page. Finally, click on Fact Book Downloads. As an alternative you can simply type in the word "Fact Book" in the search box located on the Ferris homepage.

Our appreciation is extended to Nina Worth and the many offices that assisted us with the development of the information. Please don't hesitate to contact us if you have any questions. Thank You.

MISSION STATEMENT

Ferris State University will be a national leader in providing opportunities for innovative teaching and learning in career-oriented, technological and professional education.

HISTORY

Ferris State University is recognized for its career-oriented educational programs that are designed to meet the technology and work force demands of business and industry, the health-care professions, and society in general through applied research and practical education. Founded in 1884 on the concept of providing students with marketable skills, Ferris was established by Woodbridge N. Ferris (1853-1928), a distinguished Michigan educator and politician who served two terms as the state's governor and was elected a United States senator. Ferris was a private institute until 1950, when it joined the state higher education system. The college obtained university status in 1987.

GENERAL INFORMATION

LOCATION

The Ferris State University campus is located in Big Rapids, a west central Michigan city of approximately 12,600 in the vacation-recreation region. In addition to being home of Ferris State University, Big Rapids is the county seat of Mecosta County. The 880 acre campus is readily accessible by the US-131 expressway and state highway M-20. Big Rapids is 55 miles north of Grand Rapids and within 200 miles of Chicago and Detroit.

EDUCATIONAL PROGRAMS

Ferris offers more than 170 educational programs through the Colleges of Allied Health Sciences, Arts and Sciences, Business, Education and Human Services, Kendall College of Art and Design, Pharmacy, Technology, Michigan College of Optometry at Ferris State University, College of Professional & Technical Studies and University College. These offerings lead to bachelor and associate degrees and certificates. Master degrees in Information Systems Management, Career and Technical Education, Criminal Justice, Business Administration, Curriculum and Instruction, Fine Arts and doctorate degrees in Optometry and Pharmacy are also offered.

Each college encompasses a cluster of related programs that are targeted to prepare students for specific careers. The colleges operate in facilities that have been specially designed and equipped to support their missions.

Ferris is a national leader in the development of the concept of laddering, which enables students to advance their careers by building on previous training. For example, an individual who has gained employment after completing a two-year degree may later seek career advancement by returning to Ferris and earning a bachelor degree. This concept also permits students to readily transfer into Ferris programs.

ADMISSIONS

The current admission policy for new students requires all freshmen students to complete the ACT/SAT test prior to being granted admission to Ferris State and requires students to demonstrate they meet program entrance requirements either by earning a specified high school GPA or by having a ACT composite score that meets the prescribed standard for the university. Grades, ACT/SAT scores and all other facts included in the application will be considered.

GENERAL INFORMATION

FINANCIAL AID

More than 82 percent of the students presently enrolled at Ferris State receive some type of financial aid through federal, state and Ferris programs, including scholarships, grants, loans and student employment. Ferris State University awards more than \$87 million in student aid annually.

Financial aid is primarily based on financial need and is intended to assist students whose families lack the total resources needed to pay for college. Information on financial aid programs available at Ferris may be obtained by contacting the Office of Scholarships and Financial Aid at 1-800-940-4AID or via the Internet at www.ferris.edu and “Quick Link” to Financial Aid.

CAREER RESOURCES AT FSU

A Ferris State University career-oriented education is complimented by comprehensive career counseling resources available from the Educational and Career Counseling Center (ECCC) staffed with licensed professional counselors. The ECCC is located on the 3rd floor of the Starr Building and provides a wide range of services for FSU students. <http://www.ferris.edu/eccc>

STUDENT EMPLOYMENT & CAREER SERVICES

The Office of Student Employment & Career Services assists students in finding on-campus, local off-campus, internships, summer and full-time positions.

Through SE&CS, part-time employment is available to students as both on and off-campus work study, on-campus non-work study, and local off-campus and “Quick Cash” opportunities. In addition, students/alumni have access to e-Recruiting, which is a state-of-the-art internet-based software package that allows students to upload their resume into the FSU Resume Book database, search and apply for employment/internship opportunities and sign-up for on-campus interviews. On-campus interviews take place both fall and winter semesters with approximately 150 employers participating per academic year. Students can register with e-Recruiting and view a whole array of other career/employment related information on our website at www.ferris.edu/careerservices.

SE&CS also provides daily walk-in resume review hours, mock interviews and classroom presentations. Every fall and winter the SE&CS office sponsors job fairs to assist students in employers each. In addition, fall semester, Alumni Relations, Student Leadership & Activities and SE&CS present the FLEX for Success-Professional Career & Leadership Conference, that allows students to enhance leadership, professional and job search skills. Annual studies of employed alumni indicate that 90% are employed in occupations related to their major field of study at Ferris and 98 % of graduates are working or continuing their education. Ninety-seven percent of graduates seeking employment, found jobs. All colleges had a 95% or higher placement rate.

GENERAL INFORMATION

EDUCATIONAL AND CAREER COUNSELING

Educational counselors provide information on all academic programs in Ferris's undergraduate colleges. These counselors are located in the colleges of Allied Health Sciences, Arts and Sciences, Business, Education & Human Services, and Technology.

In addition to providing academic counseling, educational counselors in the Educational and Career Counseling Center (ECCC) located in the STARR 313, help students to identify and overcome obstacles to their academic success and offer assistance in making career choices. Finding the right career depends on several factors, two strong factors are personality and interests. Students can receive information in these areas by taking the Myers-Briggs Type Indicator and the Strong Interest Inventory through the ECCC. A licensed counselor interprets the results with the student and provides information on careers that are aligned with the student's personality, interests, values, and skills.

COMPUTING AND TELECOMMUNICATIONS FACILITIES & SERVICES

A high-speed, wide-area network provides broad campus access to academic resources, the Internet, and other computing resources such as FLITE library. Each of the 3,000 residence hall rooms and University apartments has network connections. Every residence hall is equipped with a computer lab. In addition, there are large computing laboratories available to students in various locations on the Ferris State University campus. Student & Administrative Technology Services provides installation of network cards and computer support to students for a fee. Copies of the Microsoft software Office 2003 Professional, FrontPage 2003, Windows XP Professional, Visual Studio Professional, and Office for MAC are available for a \$25.00 per year blanket license fee and \$10.00 per copy of the software. The University operates a Nortel Private Branch Exchange for voice services. Remote data access to the Internet and campus facilities is available for all faculty, staff, and students. Fiber optic, broadband, twisted pair, and wireless networks are utilized to provide services for voice, data, and video. The University's IBM enterprise server supports online processing for academic and administrative users. Lotus Notes electronic mail and calendar service is available for faculty and staff. Imail electronic mail is offered to students on and off campus. The Ferris Web site (<http://www.ferris.edu>) provides information about the University and is used to support student Web services. The University portal, My FSU, links products such as Student, Faculty, and Employee Web Services as well as WebCT with capabilities of the Internet to create a customized campus experience.

STUDENT AFFAIRS

The division of Student Affairs provides a variety of services for students through the following departments: Birkham Health Center, Student Employment & Career Services, Counseling Center, Enrollment Services, Minority Affairs, Rankin Student Center, Student Leadership & Activities and University Recreation. All of these departments work with students to enhance their university experience.

The Office of Student Leadership & Activities helps students use and grow their talents through campus and community involvement. To keep students involved and connected to the University, there are more than 200 registered student organizations (RSOs), including sports clubs, Greek-letter organizations, religious groups, academic societies and professional associations. The Student Volunteer Center refers hundreds of Ferris students each year to area agencies seeking volunteers. A variety of leadership programs are offered throughout the year to help students develop marketable leadership and management skills.

GENERAL INFORMATION

ATHLETICS

The Ferris State University Bulldogs are members of the National Collegiate Athletic Association (NCAA). Varsity teams compete in the Central Collegiate Hockey Association (NCAA Division I) in ice hockey and the Great Lakes Intercollegiate Athletic Conference (NCAA Division II) in all other sports.

Ferris student athletes participate in 15 varsity sports: golf, tennis, basketball, track, cross-country, softball, soccer and volleyball for women; golf, tennis, basketball, track, cross-country, hockey and football for men.

INTRAMURAL AND RECREATIONAL SPORTS

Annually, more than half of the student body participates in organized recreational sports activities, including extensive intramural and club sport programs. Other students participate in informal recreation activities. Ferris provides ample facilities for athletics and recreation, including a Student Recreation Center with pool, weight room, basketball and volleyball courts and indoor track; a golf course; a sports complex including full and half-size ice rinks, additional basketball and volleyball courts; racquetball courts and indoor and outdoor tennis courts.

CULTURAL EVENTS

Concerts by Ferris State Music Center organizations such as the West Central Concert Band, Chamber Orchestra, Jazz Ensemble, Concert Choir, and Ferris Wheels (men's glee club), and productions of the University Theater are augmented by appearances of professional music, drama and dance organizations and other performing arts groups.

The Ferris Art Gallery features exhibits of paintings, prints, photography, sculpture and crafts, as well as special exhibits featuring leading Michigan artists, FSU faculty and students.

The Arts and Lectures Committee offers a schedule of lectures, concerts and films, while Entertainment Unlimited and the Music Industry Management Association present pop/rock and comedy concerts and other events of a contemporary nature.

The Office of International Affairs "International Festival of Cultures" brings the world to Big Rapids with students, faculty, staff, and community members presenting cultural displays, performances, and food from more than fifty countries worldwide.

Entertainment Unlimited, the campus programming board, is responsible for coordinating more than 80 student-produced events each year including comedy shows, films, and live contemporary music performances. The Music Industry Management Association is also involved with helping students get experience behind the scenes of producing live campus entertainment. The Student Speaker Series Committee brings approximately 8-10 speakers to campus each year. Topics of these lectures range from pop culture and media to harder-hitting issues like alcohol awareness and hate crimes.

UNIVERSITY CENTER FOR EXTENDED LEARNING

The University Center for Extended Learning extends the reach of Ferris State University's course offerings, programs, and knowledge beyond the Big Rapids campus to adult learners throughout Michigan, the nation, and the world. In addition to a network of Michigan regional centers for degree programming, a variety of online programs are offered to students anywhere in the world, students are sent on study abroad experiences, on-the-job training programs are developed and delivered for a variety of industries, and oversees the education of more than 5,000 Michigan K-12 students.

- **Degree Programming:**

The University Center for Extended Learning extends Ferris' reach by delivering associate, bachelor's and master's degrees, professional development certificates, and distance learning opportunities through a network of more than 24 sites that include Alpena, Big Rapids, Clinton Township, Dearborn, Dowagiac, Flint, Garden City, Gaylord, Grand Blanc, Howell, Lansing, Midland, Muskegon, Niles, Petoskey, Port Huron, Scottville, Traverse City, University Center, Warren, Winnipeg; Manitoba, Canada; and online. Students, many of whom are working adults, find earning their degree convenient with and classes that fit within their busy schedules. Programs are offered in direct response to needs identified in communities throughout the state, often in partnership with community colleges.
- **Study Abroad:**

Throughout the Study Abroad Program, students have the opportunity to participate in an enriching, life-changing experience both personally and academically through educational trips and exchanges many countries throughout the world.
- **Corporate & Professional Development:**

UCEL serves Michigan business and industry by delivering customized training and seminar programs at a variety of locations. Two divisions of Extended Learning offer their services under the umbrella of Corporate and Professional Development. These are:

 - **Conferences & Professional Programs:**

The Conferences and Professional Programs team provides conference design and development consultation services that include planning, strategy, and implementation. To help ensure that programs succeed, they assist with the marketing and promotion, the financial management, contracts, registration, site selection, facilities arrangements, on-site services, and evaluations.
 - **Corporate and Professional Development:**

Ferris's Corporate and Professional Development Center provides customized education programs and technical assistance for Michigan and beyond. The Center specializes in developing need-specific training programs, technical assistance for manufacturers, and industry-specific certification and testing programs. CPD also provides grant-writing services.
- **Charter Schools Office:**

The Charter Schools Office oversees the general operation of Ferris State University chartered academies to ensure that they comply with their charter, state and federal regulations, and make progress toward meeting their stated goals. Ferris currently has 16 authorized Charter Schools. Combined, these academies serve more than 5,000 students in grades K-12 and are geographically located from Benton Harbor to Monroe and north to Saginaw.

GENERAL INFORMATION

CORPORATE & PROFESSIONAL DEVELOPMENT

Division of University Center for Extended Learning

Ferris State University's Corporate & Professional Development (CPD) has been involved in partnerships to help businesses and industries with solutions to training, certification, camps & conferences, and consulting/applied research needs since 1984. More than 1,500 companies have taken advantage of the skills and facilities offered training or testing over 150,000 participants in over 1,000 offered titles/projects have been delivered. CPD is known for its ability to partner with business and industry to tackle issues related to custom training, process consulting, certification, and assessment. Through the establishment of custom workshops and public institutes, training and certification needs can be solved at company, state and national levels. Work is accomplished by contracting with the CPD to create the proper partnership between the company, FSU faculty and staff, outside resources and students to complete the project goals.

CPD offers custom assessment and technical training solutions to business and industry-specific problem areas, product, process, and equipment to provide a return on investment of training dollars. Training can be delivered at the training facilities located at the main complex in Big Rapids, the Grand Rapids Campus, any of Ferris' Regional Centers, at the company's plant site, or company selected offsite. CPD training facilities are air conditioned and equipped with state of the industry audiovisual equipment. Computers, projection systems and related equipment may be provided and interactive television programming is possible. Training on hundreds of technical, health, business, science, criminal justice and education topics can be provided. Training may also involve participant assessment, certification and CEU's as required. CPD has invested in the future of training by creating the ability for development of computer interactive training for business and industry (custom CD-ROM, interactive television or internet delivery as well as traditional lecture and application labs).

In order to keep costs down (through long term delivery methods) and keep training value high (while providing a customized training program) CPD creates custom or standard training modules. These modules utilize computer interactive theoretical training combined with hands-on applied training for a blended teaching approach. This type of training has been successfully completed for Evart Products -Textron to teach plastic injection mold operation, D-M-E Co. Inc. to teach injection mold base technology, custom automated production line training for FIAMM Tech. Inc., and Rubber Processing Operator training nationally for the Rubber Manufacturers Assoc., industry wide "Manufacturing Safety & Health training," "Binocular Indirect Ophthalmoscope" training for optometrists, and safety in the plastics industry.

New trends in industry show that the new workforce requires more technical training and employers want to pay for skill, not time-in-task. Therefore, certification tools have become an important part of CPD's offerings. Good examples of certification are: the national training and assessment program developed for the Rubber Manufacturers Association, Molding Operator training packages; international certification tools for the United Assoc. of Journeymen and Apprentice Plumbers & Pipe Fitters of the U.S., Panama, and Canada; national certification for the Electrical Generating Systems Assoc.; as well as many custom certifications for private industries. In the area of grant writing services, CPD has been successful in helping gain support for industrial and business projects through state Economic Development Job Training, Michigan Works Incumbent Worker, Small Business Investment Research and Michigan Dept. of State grants. In the past ten years, CPD has managed over \$2.84 million in grants. Through the State Workforce Commission-Economic Development Job Training Grants, eighteen companies have obtained a total of over \$1,412,000 in grants to provide needed training to upgrade their workforce. The providing of delivery services has also been completed in partnership with many community college held grants.

Need help in planning your next conference, seminar or professional program? You can be worry-free and gave expert assistance from the Office of Conferences & Professional Programs within CPD Center at FSU. We plan and organize conferences and seminars of all sizes that appeal to individuals from many fields, including dental hygienists, nurses, optometrists, artists, engineers and educators. Summer youth and certain athletic camps are also coordinated through our office. Our staff has many years of excellent professional experience in coordinating local, state, national and international programs. We are committed to providing expertise and enthusiasm to facilitate first rate learning experiences for everyone through our comprehensive services.

Corporate & Professional Development provides custom and institute-based training and certification; grant writing services, computer interactive training, applied research, manufacturing consulting, assessments to meet the needs of business and industry, as well as camps and conferences to meet public and business needs.

GENERAL INFORMATION

FERRIS-GRAND RAPIDS

The Ferris-Grand Rapids campus includes the Applied Technology Center at 151 Fountain St. NE and the Kendall/Ferris building at 17 Fountain St. NW. Both facilities are conveniently located in downtown Grand Rapids.

The ATC offers 170,000 square feet of instructional and office space including computer, computer aided design, electronics, manufacturing, materials testing, plastics and heating, air conditioning and refrigeration labs. In addition, the ATC houses an auditorium, banquet and teleconferencing facilities.

In 1996 the Board of Trustees of Kendall College of Art and Design voted to merge Kendall with Ferris State University. This decision initiated a greater commitment on behalf of Ferris to expand programming in Grand Rapids and resulted in the purchase of an additional facility at 110 Ionia NW. Kendall College of Art and Design educates its students to be leaders in the arts. It provides a dynamic learning environment that prepares its students to be "working artists" and to achieve professional careers in art and design.

In 1999 Ferris-Grand Rapids established The College of Professional and Technological Studies (CPTS) to provide greater flexibility in developing academic programs that meet the needs of business, industry and the community at large. CPTS offers career-focused associate and masters degrees, professional development certificates, standard college and customer responsive courses, customized training courses, distance learning courses, and prior learning assessment services to advance students' career goals.

The Kendall/Ferris building offers classrooms, gallery space, and IBM and MAC computer lab facilities and houses the Kendall/Ferris bookstore and programs of Kendall College of Art and Design.

Today Ferris-Grand Rapids offers more than 30 professional development certificate, associate, bachelor and master degree programs and serves as a model for Ferris' growth across the State of Michigan.

CAMPUS MEDIA

Ferris offers students a variety of media, including a campus newspaper and local cable system (Channel 7). *The Torch*, which is published weekly, informs students of University news, events, and other related campus issues. FSU-TV Cable 7 serves the campus and community with educational and public service television programming. The *FYI* is an internal newsletter published weekly for faculty and staff with limited student distribution, and the *Crimson & Gold*, published three times yearly, is aimed at keeping alumni and other key audiences informed. Some of the colleges and programs on campus also publish their own alumni publications.

GENERAL INFORMATION

FERRIS LIBRARY FOR INFORMATION, TECHNOLOGY, AND EDUCATION (FLITE)

The Ferris Library for Information, Technology and Education (FLITE) opened on March 12, 2001, as a premier research facility integrating modern technology with traditional information resources. Designed for flexibility and versatility, FLITE continues to adapt to the world's advancing digital age. The Library houses 300 desktop computers, over 1,000 live ports to accommodate expansion/laptop access, and seating for more than 1300 visitors, including 45 individual and group study rooms. Among its customer service oriented attributes, FLITE contains an extended-hours study area, a family study room for visitors accompanied by children, and a food court with vended beverages and snacks. Students using FLITE have access to multimedia equipment designed for experimenting with new technologies including scanners, CD burners, video-editing software, and digital still cameras. An adaptive technology laboratory facilitates the learning and research of students requiring special accommodations.

FLITE serves as a gateway to a variety of information resources available both on-site and remotely in print and digital formats. FLITE houses a collection of approximately 345,000 volumes. As a Federal Depository Library for U.S. documents and a Patent and Trademark Depository Library, FLITE offers users access to vast amounts of government information. Subscription databases, many containing full-text journal articles, and print journal subscriptions give users access to more than 10,000 journals. The Library's online catalog as well as many of the University's digital resources are available through the Library's Web site at <http://www.ferris.edu/library/>. Interlibrary loan and document delivery services are offered to all faculty, staff, and students, including off-campus students, allowing users access to an immeasurable number of additional resources. Faculty, staff, and students can receive help using these resources by calling or emailing the Library, filling out electronic forms on the Web site, or stopping by the Reference Desk in FLITE. Patrons can also receive personal assistance from subject specialist librarians.

FLITE takes full advantage of advanced technologies to expand opportunities for teaching and learning. The Library contains three instructional studios equipped with 20-30 computer stations, instructor station, sound and projection equipment, TV/VCR, and DVD. Additional equipment is available upon request. These studios allow librarians and other faculty to teach students information seeking and critical thinking skills necessary to evaluate the burgeoning mass of available information resources. The information literacy program starts with the basics in Ferris State University Seminar (FSUS) courses and provides instruction in specialized library use and research to classes upon request of instructors. In addition to instructional studios, FLITE also contains 6 seminar rooms of varying sizes to accommodate classes or meetings.

FLITE also houses the Media Production Center and the Center for Teaching, Learning, and Faculty Development. Along with traditional library services, these units represent a broad spectrum of information and instructional resources. The three units work collaboratively to provide teaching faculty with one stop access to information specialists and media development personnel who can assist in locating information for course content and creating instructional materials in a variety of multimedia formats.

GENERAL INFORMATION

KENDALL COLLEGE OF ART AND DESIGN OF FERRIS STATE UNIVERSITY

Kendall College of Art and Design began in 1928 through a generous endowment provided by Helen M. Kendall as a memorial to her husband, David Wolcott Kendall, known as the Dean of American Furniture Designers. Helen Kendall envisioned a school whose graduates would be leaders in the world of art and design, and throughout history, Kendall College of Art and Design has prepared generations of students for careers as professional artists and designers. In addition, Kendall College of Art and Design is an active partner with the community, annually providing more than 2,000 children and adults with the opportunity to pursue courses in art and design through one of the richest and most varied continuing studies programs in the United States.

In 1996, the Board of Trustees of Kendall College of Art and Design voted to merge Kendall with Ferris State University, a process that was completed in December 2000. In combining these two distinctive institutions, the Boards of both Kendall and Ferris have forged a union that offers students the educational opportunities and strengths of each institution.

The mission of Kendall College of Art and Design of Ferris State University is to educate its students to be leaders in the arts by nurturing creative and intellectual excellence; to promote in its students an awareness of social responsibility; to provide dynamic professional environment; to move the institution toward national prominence; and to support institutional integrity through resource development.

As part of Ferris State University, Kendall College of Art and Design is accredited by:

GENERAL INFORMATION

HOUSING

Ferris State University residence halls provide environments that are clean, comfortable, safe and conducive to support the academic mission of the University. Living in the residence halls enhances the classroom learning that takes place at the University.

Through exposure to other points of view, experiencing diverse populations and living in a community, residents learn coping skills and experiment with responsible decision-making in a safe environment.

A variety of housing and dining options exist to allow students the opportunity to create the environment in which they feel most comfortable. Services include computer labs and Ethernet connectivity in each residence hall room, a choice of private rooms, substance free living, the first year experience and other themed housing opportunities. Cable television is provided in each room with access to numerous channels including movie channels. Washers and dryers are located on virtually every floor and cooking facilities are available in every hall. Students are provided telephones with individual long distance access codes for personalized billing of long distance charges. Local and campus calling is free. Mail is delivered to each residence hall lobby and express delivery, flowers and packages are delivered to the hall front desk. Board games, large screen televisions and hall-sponsored activities are available in each residence hall lobby. In addition, each residence hall provides a computer lab for residents' use. Labs are networked to a laser printer that is also available via the network from student's rooms as well.

Living in the residence halls is an educational endeavor. Professional and student paraprofessional hall staffs are trained to provide social and educational programming aimed at building cohesive communities on each floor called "houses." While hall staff is in place to assist in maintaining community standards, assist students in their transition to college, provide individual assistance as needed as well as making referrals to appropriate campus resources; residents are reminded that maintaining community standards is a shared responsibility by all. As a member of a community, each resident is expected to adhere to community standards, and take steps to maintain the positive community atmosphere most suited for academic excellence. Students are encouraged to take an active role in the governance of their living environments, including making decisions regarding the use of social activity funds. In addition, student governance in the residence halls helps shape residence hall policy and provides a means by which student opinions can be heard. Leadership experience gained through these opportunities proves invaluable to future employers. Residents are also provided challenges aimed at personal growth and development. Learning to live in a diverse environment provides supplemental education aimed at full preparation for life after college.

The University apartments consist of the west campus townhouses, and the east and south complexes. The west campus complex has 150 two bedroom and 50 three bedroom unfurnished townhouses which are designed to provide a neighborhood atmosphere to students with families. Fully accessible townhouses are also available for students with disabilities in which the entire living area is on the ground floor, including laundry facilities.

The east and south complexes consist of 188 one and two bedroom units. They are designed for single students and have laundry facilities in each building.

All apartments provide computer network connections to access the Internet, library and the University mainframe. Telephone and cable television connections are also provided. A community center in the center of the west campus complex houses a computer lab, meeting rooms and a large multipurpose room where educational, social community and children's programs are held.

GENERAL INFORMATION

POINTS OF INTEREST

Alumni Building (1929) - The oldest building on campus and the only building to survive the fire in 1950. Classrooms and faculty offices for the College of Arts and Sciences are in this building. It also houses the UCEL office and the Corporate & Professional Development Center.

Arts and Sciences Commons (1996) - houses Arts and Sciences faculty and administrative offices, the Card Wildlife Education Center, the Math Science Technology Center, and features "The Visionary," a mural – one of the largest of its type in the world – depicting the history of FSU, and the Writing Center which provides peer tutoring to assist students with writing and study skills. This building connects the Science and Starr Buildings.

Automotive Center (former Technical and Applied Arts Center) (1956) - Comprises the instructional and lecture facilities for Automotive Services, Automotive Body and Auto and Heavy Equipment Management.

Business Building (1970) - Houses the auditorium, classrooms and offices of the College of Business. Extensive terminal and mainframe computer facilities include one of the state's largest "library concept" microcomputer laboratories used for educational purposes.

Bishop Hall/College of Education (1967) – Built as a residence hall, it was remodeled in 1986 to house the College of Education & Human Services administrative offices and classrooms. Tot's Place is also located in Bishop.

Granger Center for Construction & HVACR (1962) – Originally built in 1962, the CTC has undergone an eighteen million dollar new construction and renovation project. The new Granger Center has 75,000 square feet of new construction and houses both the Construction Technology and Management and HVACR programs. One unusual characteristic is that all building infrastructure and equipment installed in the building are exposed to view the building as an active teaching tool for all students in both programs. The Granger Center for Construction and HVACR was dedicated in April 2004.

Creative Arts Center (1965) - This building houses the studios, classrooms, and faculty offices needed for the Studio Arts in the College of Arts and Sciences.

Ewigleben Sports Complex/Ice Arena (1975) - Comprises two indoor ice rinks and a recreational wing with facilities for intercollegiate hockey, recreational hockey and skating, basketball, and volleyball. An addition completed in 1981 includes a combative room, fitness and sports medicine facilities and a mini-arena.

G. Mennon Williams Auditorium (1962) – This facility houses FSU's theater program and also serves as the major multipurpose auditorium for the FSU campus. With seating for 1,799, Williams Auditorium hosts musical, dramatic, cultural, and convocation events throughout the year. It also is available for public rental use when scheduling allows.

Heavy Equipment Center (1987) - A 52,000-square-foot building accommodating students in the heavy equipment and auto programs. The HEC building is the largest facility in the country dedicated to training heavy equipment and heavy duty engine technicians.

Instructional Resource Center (1969) - Contains large lecture halls, distance learning room, television studio, and media services for the whole campus.

GENERAL INFORMATION

McKessy House (1989) – McKessy House, resembling an Old English cottage on Cedar Street, north of Williams Auditorium, was purchased by Ferris State University in 1989 as a result of a generous gift from Gerald McKessy, a 1929 graduate of Ferris' college preparatory program who went on to graduate from the Detroit College of Law in 1933. Mr. McKessy was a Charter Member of the Presidents' Club, a member of the Phoenix Society, a founding father of the Alumni Foundation, a 12-year member of the Board of Directors of the Alumni Association and a recipient of the Distinguished Alumnus Award in 1971 for the generous donation of his time and talents to Ferris State University. Mr. McKessy donated stock, the proceeds of which were used to buy the house, barn and two acres that is now utilized as parking and additional Arts and Sciences classroom space. Mr. McKessy's gift also made it possible to remodel the house which is currently occupied by the Division of Governmental Relations and General Counsel. This division is responsible for governmental and community relations, legal affairs, affirmative action, employee relations, and labor relations.

National Elastomer Center for Rubber and Plastics Technology (1998) - This state-of-the-art facility was opened in September 1998, the only one of its kind in the nation. Elastomers are a combination of rubber and plastic compounds used in a variety of applications in the automotive, defense, appliance and other industries.

Pennock Hall/Michigan College of Optometry (1968) - Built as a residence hall, it was adapted in 1977 to serve as the home for the Michigan College of Optometry at F.S.U.

Pharmacy Building (1972) - Designed to house all on-campus operations of the College of Pharmacy, including specialized laboratories and the model pharmacy, and also contains an antique pharmacy exhibit.

Presidential Art Collection (1996) - Daniel Roache was chosen as the first contributor for a collection featuring commissioned works by Michigan artists honoring Ferris presidents. His aluminum, wall-mounted sculpture representing the seven academic colleges hangs in the Williams Auditorium lobby. A bronze bust of President Byron Brophy by Midland sculptors James S. Hopfensperger and Joan Hopfensperger-Most was dedicated on April 30, 1999. It is on display in the Ferris Library for Information, Technology, and Education (FLITE).

Racquet Facility (acquired in 1980) - The facility contains tennis and racquetball courts and weight lifting and aerobics facilities for intramural and intercollegiate athletics and is open to the general public.

Rankin Center (1957) - Remodeled and updated in 1987, it is the hub of campus, housing the James L. Lundberg Bookstore, recreational facilities, offices for the student newspaper, student government and various other student organizations, catering/booking offices and the Ferris Art Gallery. On the administrative side, there are offices for minority affairs, student judicial services, student activities, career services, personal counseling, the vice president for student affairs and the dean of student life. Additional services include three dining facilities, meeting rooms and a large ballroom/banquet room.

Science Building (1956) - Originally built in 1956, remodeled and expanded in 1967, completely renovated in 1997, this building provides teaching auditoria, classrooms, and science laboratories for the College of Arts and Sciences, as well as the Rawlinson Observatory, John and Rhea Smith Greenhouse, and Ritz Reading Room.

Victor F. Spathelf College of Allied Health Sciences (1979) - This four-level structure contains the specialized classrooms, laboratories and offices for the students, faculty and administration of the College of Allied Health Sciences.

Starr Building (1961) – Completely renovated in 1995, students now enjoy new furnishings, state-of-the-art instructional equipment, multimedia labs, study rooms and lounges. It is FSU's largest general classroom building and houses the administrative offices for University College and the Educational and Career Counseling Center; Williams Auditorium, where dozens of live performances and special events are offered each year; and The Jim Crow Museum, a privately donated collection of American racist memorabilia artifacts.

GENERAL INFORMATION

Student Convocation Center/Wink Arena (1999) – The 42,000 square foot facility, located adjacent to the Ewingleben Ice Arena, seats 2,400, including prime sections of chair-back seating. The building complex features an expanded lobby that adjoins the Ice Arena with a pro shop, concession stands, and a display for the Bulldog Hall of Fame. This new center serves as the home for the FSU men and women’s basketball programs, and is also used for commencement exercises, major concerts, and special events.

Student Recreational Center (1998) - The former HPE/Wink Arena building was remodeled and reopened August 30, 1998. The facility gives students, faculty and staff a modern gymnasium, weight room, aerobic room, exercise machines and elevated track. A student lounge, indoor swimming pool, spa, and 40-foot climbing wall was completed in 1999.

Swan Technical Center (1966) - Many College of Technology department offices, classrooms, and laboratories designed specifically for engineering technology instruction are located in this building.

Timme Center for Student Services (CSS) (1967) (Renovated 2002) – As the official “welcome center” for the University, the Timme Center for Student Services (CSS) serves as a one-stop service center in which students can register for classes, obtain financial aid and housing information, request transcripts, pay bills, and inquire about student employment opportunities. Highlights of the beautifully renovated Timme CSS include a glass atrium that extends the full height of the eastern side of the building and a second atrium facing State Street, providing natural sunlight and openness for the building. Formerly the campus library, the new Timme CSS is a place of diversity, art, history and service. The first floor houses the Financial Aid and Business offices; the offices of Admissions and Records, Enrollment Services, and the Academic Senate are on the second floor; and the third floor features a display of Ferris historical memorabilia, as well as, houses the offices of the President, Budgetary Planning and Analysis, Vice President for Academic Affairs, and Institutional Research and Testing. The carefully chosen combination of offices and services provides a wonderful welcome to all constituents in the middle of campus.

Ferris Library for Information, Technology, and Education (FLITE)(2001) - Located in the heart of the recently redesigned main campus, FLITE combines the collections and services of the former Timme and Health Science Libraries and houses the Center for Teaching, Learning, and Faculty Development and the Media Production Center. At 173,000 sq. ft., FLITE is nearly three times the size of the former Timme Library and features a variety of public work and study spaces, total seating capacity of 1,300, shelving for 440,000 items, and more than 300 computer workstations. FLITE is a Patent and Trademark Depository Library for western lower Michigan, one of three such sites in the state. Additionally, FLITE is a depository for U.S. Bureau of the Census and State of Michigan publications.

Tot’s Place (instituted 1987) - Located on the first floor of Bishop Hall, Tot’s Place is the laboratory for the child development program. Tot’s Place provides childcare for children of students and faculty/staff as well as Big Rapids community residents.

GENERAL INFORMATION

Holiday Inn Hotel and Conference Center (1993) - The facility is located adjacent to the Katke Golf Course and overlooks the campus. The complex houses 16,772 square feet of meeting facilities, 118 guest rooms, banquet facilities and a restaurant. The conference facilities are used for continuing education activities, conferences and workshops.

Katke Golf Course (est. 1974) - Katke is a full service 18-hole championship golf course that measures 6,729 yards (slope rating 130) from the back tees, 6,174 (slope rating 124) from the middle tees and 5,355 (slope rating 124) from the forward tees. The state-of-the-art practice facility includes 100,000 square feet of grass teeing space, six target greens, a large short game area that includes a chipping area and bunker for greenside or fairway bunker shots and 2 practice greens with over 15,000 square feet of space. The practice facility is encompassed by a 3-hole practice course that includes two par 4's measuring 325 yards each and a 150 yard par 3. Our full service clubhouse sits atop the highest point in Mecosta County with excellent views back to campus. The clubhouse facilities include the Founders Grille Restaurant which features burgers, sandwiches and a wide selection of appetizers, a 1,000 square foot multi-purpose room that holds up to 75 people for meetings or small parties; men's and women's locker rooms and a golf shop stocked complete with all of your golfing needs. A staff of PGA Golf Professionals is available to provide tournament services, golf clinics, private video lessons and club fittings by appointment. The golf course is conveniently located adjacent to the Holiday Inn Hotel and Conference Center on the far west point of campus.

Michigan Art Walk (1996) -. The Michigan Art Walk is an ongoing project whereby original pieces of art work created by Michigan artists are installed through-out campus and linked by a meandering pathway, ultimately reaching into the Big Rapids community. The inaugural sculpture of the Michigan Art Walk, by Ann Arbor-based artist Barron Naegel, was installed in the fall of 1996. Also installed in the fall of 1996 were a wall sculpture by Daniel Roache, under the auspices of the Presidential Art Collection, and the main panel of Robert Barnum's "The Visionary," which depicts the history of Ferris State University. The unveiling of "Escape," an outdoor sculpture by R. Farrington Sharp, on October 17, 1997 continued the project, along with the side panels of "The Visionary" which were unveiled on February 20, 1998, completing Barnum's triptych. "Totem Stack," a sculpture by Ferndale artist Albert Young, was unveiled on May 7, 1998. "Muse" by Irina A. Koukhanova, was dedicated on November 19, 1998, and sculptor Fritz Olsen's "Ripples" was unveiled November 19, 1999. Lois Teicher's functional piece, "Bench With Three Deep Seats," was dedicated on June 14, 2000. "Ferris Arch," a limestone sculpture by Kenneth Thompson, was dedicated October 10, 2001. Mark Chatterley's "Journey to the Body Collective" a flying wall sculpture located in the reading room at FLITE, was dedicated on October 29, 2002. Robert Barnum's "Of Thought and Reason," a 130-foot-long, 10-foot-tall painting on canvas located in FLITE's Extended Study Area was unveiled on August 28, 2003. Ray Katz' "Celebration," a large-scale metal sculpture, was unveiled September 3, 2004. The Art Walk pieces can be viewed on the Ferris website along with information about the artists.

Music Center (1962) – The Music Center is located at the heart of the campus at the foot of the Carillon Clock Tower on the south end of the quad "green space" and just north of Top Taggart Field (football stadium). This facility offers rehearsal and practice space for all varieties of ensembles. The band room can accommodate groups of up to 100 musicians and the Choral Room provides room for 60 musicians. Private practice rooms are available and are ideal for individual practice or small groups of 2-3 persons. Each practice room contains an acoustic piano. The Humanities Department maintains these instruments (regular tuning, etc.) as a service to currently enrolled students. The piano lab has 12 stations (full size keyboards) which are used for group instruction and practice for those enrolled in music classes. The music faculty and ensemble director's offices are also in the Music Center.
