UNIVERSI

FACT BOOK 2008 - 2009

January 2009

Dear Colleague:

The Ferris State University Fact Book is an annual project conducted as a service to the university community by the Office of Institutional Research and Testing in the Division of Student Affairs. This 18th edition is a document designed to answer the most frequently asked questions about FSU.

The Fact Book is also available on the Ferris State University website. To access the current Fact Book as well as previous editions, go to www.ferris.edu and click on the Faculty/Staff link. Select Student Affairs and then select Institutional Research and Testing. Finally, click on Fact Book Downloads. As an alternative you can simply type in the word "Fact Book" in the search box located on the Ferris homepage.

We have enhanced the 2008-2009 Fact Book to include the following new items:

- Student Credit Hours (SCH) Produced By Campus
- Enrollment and Student Credit Hour (SCH) By Site
- Graduation Rates

Our appreciation is extended to the many offices that assisted us with the development of the information. Please do not hesitate to contact us if you have any questions. Thank you.

General Information

MISSION STATEMENT

Ferris State University will prepare graduates who have met the high academic standards of our programs for current and future industrial and business needs of the state, the nation and the global market.

HISTORY

Ferris State University is recognized for its career-oriented educational programs that are designed to meet the technology and work force demands of business and industry, the health-care professions, and society in general through applied research and practical education. Founded in 1884 on the concept of providing students with marketable skills, Ferris was established by Woodbridge N. Ferris (1853-1928), a distinguished Michigan educator and politician who served two terms as the state's governor and was elected a United States Senator. Ferris was a private institute until 1950, when it joined the state higher education system. The college obtained university status in 1987.

University College

LOCATION

The Ferris State University campus is located in Big Rapids, a west central Michigan city of approximately 10,700 in the vacation-recreation region. In addition to being home of Ferris State University, Big Rapids is the county seat of Mecosta County. The 880 acre campus is readily accessible by the US-131 expressway and state highway M-20. Big Rapids is 55 miles north of Grand Rapids and within 200 miles of Chicago and Detroit.

EDUCATIONAL PROGRAMS

Ferris offers more than 170 educational programs through the Colleges of Allied Health Sciences, Arts and Sciences, Business, Education and Human Services, Kendall College of Art and Design, Michigan College of Optometry at Ferris State University, Pharmacy, College of Professional and Technological Studies, Technology, and University College. These offerings lead to bachelor and associate degrees and certificates. Master degrees in Information Systems Management, Career and Technical Education, Criminal Justice, Business Administration, Curriculum and Instruction, Nursing, and Fine Arts are available. Ferris also offers doctorate degrees in Optometry and Pharmacy.

Each college encompasses a cluster of related programs that are targeted to prepare students for specific careers, responsible citizenship and lifelong learning. The colleges operate in facilities that have been specially designed and equipped to support their missions.

Ferris is a national leader in the development of the concept of laddering, which enables students to advance their careers by building on previous training. For example, an individual who has gained employment after completing a two-year degree may later seek career advancement by returning to Ferris and earning a bachelor degree. This concept also permits students to readily transfer into Ferris programs.

ADMISSIONS

Current admission criteria for new students require all incoming freshmen students to submit ACT or SAT test scores along with official high school transcripts prior to an admission decision. Transfer students are required to submit official transcripts from all colleges attended as well as official high school transcripts and test scores, if required as prescribed by university standards, to achieve a complete academic profile. Students fulfilling both university and program entrance requirements will be granted admission.

STUDENT COSTS

The average annual cost for a Michigan resident to attend Ferris (based upon 2008-09 rates) including tuition, room and board, fees, estimated academic and personal expenses, is \$20,208.

2008-09 Costs	Semester	Year
Undergraduate (Michigan resident)		
Tuition (15 credit hours)	\$4,500	\$9,000
Room and Board (19 meal plan)	\$3,972	\$7,944
Sub Total	\$8,472	\$16,944
Books and Supplies (estimate)	\$550	\$1,100
Personal Expenses (estimate)	\$1,001	\$2,002
Refundable Fees*	\$81	\$162
Total Expenses (estimated)	\$10,104	\$20,208

^{*}If requested, the Racquet Facility fee, Student Activity fee and Health Center fee will be deleted from the student's account. Cash refunds will only be granted for the Racquet Facility fee and the Student Activity fee if the student's account is paid in full.

Undergraduate (non-resident)

Tuition	\$7,950	\$15,900
Undergraduate (non-resident MSEP)*		
Tuition	\$6,750	\$13,500

Part-time Student

Michigan Resident	\$300 per credit hour
Non-Resident	\$530 per credit hour
Non-Resident MSEP*	\$450 per credit hour

Graduate Student

Michigan Resident	\$403 per credit hour
Non-Resident	\$604 per credit hour
Non-Resident MSEP*	\$604 per credit hour

Professional Tuition	Resident	Non-Resident
Pharmacy Tuition	\$478 per credit hour	\$718 per credit hour
Optometry Tuition	\$488 per credit hour	\$732 per credit hour

Family Apartments 12 month contract

One Bedroom	\$8,254
Two Bedroom	\$9,202
Two Bedroom (townhouse)	\$10,050
Three Bedroom (townhouse)	\$10,972

Optional Meal Plan

Room and Board (12-meal plan) \$7,570

Other meal plans available for non-traditional and deluxe halls.

^{*}Students are eligible for the MSEP (Midwest Student Exchange Program) rate if they live in one of the following states: Illinois, Indiana, Iowa, Kansas, Minnesota, Missouri, Nebraska, North Dakota, Ohio, South Dakota & Wisconsin. This tuition-reduction program is not available for students enrolled in Doctor of Optometry, and Doctor of Pharmacy programs.

Late Payment Penalty - 2% of unpaid balance	

FINANCIAL AID

More than 82 percent of the students presently enrolled at Ferris State receive some type of financial aid through federal, state and Ferris programs, including scholarships, grants, loans and student employment. Ferris State University awards more than \$124 million in student aid annually.

Financial aid is primarily based on financial need and is intended to assist students whose families lack the total resources needed to pay for college. Information on financial aid programs available at Ferris may be obtained by contacting the Office of Scholarships and Financial Aid at 1-231-591-2110 or via the Internet at www.ferris.edu and "Quick Link" to Financial Aid.

CAREER RESOURCES AT FSU

A Ferris State University career-oriented education is complemented by comprehensive educational planning and career counseling resources available from the Educational and Career Counseling Center (ECCC) which is staffed with licensed professional counselors. The ECCC is located on the 3rd floor of the Starr Building and provides a wide range of services for FSU students. See http://www.ferris.edu/eccc for more details of the services and programming offered.

STUDENT EMPLOYMENT & CAREER SERVICES

The Office of Student Employment & Career Services assists students in finding on-campus, local off-campus, internships, summer and full-time positions.

Through SE&CS, part-time employment is available to students as both on and off-campus work study, on-campus non-work study, and local off-campus and "Quick Cash" opportunities. In addition, students/alumni have access to e-Recruiting, which is a state-of-the-art internet-based software package that allows students to upload their résumés into the FSU Résumé Book database, search and apply for employment/internship opportunities and sign up for on-campus interviews. On-campus interviews take place both fall and winter semesters with approximately 150 employers participating per academic year. Students can register with e-Recruiting and view a whole array of other career/employment-related information on our website at www.ferris.edu/careerservices.

SE&CS also provides résumé-review workshops, mock interviews and classroom presentations. Every fall and winter the SE&CS office sponsors job fairs to assist students in finding internship and full-time positions. These job fairs are consistently some of the largest in the state. In addition, fall semester, College of Business Internship Office, SE&CS, and University Alumni Relations, present the "Career Tactics Workshops" that allows students to enhance professional and job-search skills. Annual studies of employed alumni indicate that 91% are employed in occupations related to their major field of study at Ferris and 98% of graduates are working or continuing their education. Ninety-seven percent of graduates seeking employment found jobs. All seven colleges had a 95% or higher placement rate.

EDUCATIONAL AND CAREER COUNSELING

Every undergraduate college has educational counselors to provide information on all of their academic programs in Ferris's undergraduate colleges. These counselors are located in the colleges of Allied Health Sciences, Arts and Sciences, Business, Education & Human Services, Technology and University College.

In addition to providing academic counseling, educational counselors in the Educational and Career Counseling Center (ECCC) located in STARR 313, help students to identify and overcome obstacles to their academic success through the identification of both learning preferences and an individual's approach to the college learning experience. ECCC also offers assistance in making career choices. While finding the right career depends on several factors, two strong influences are personality and interests. Students can receive information in these areas by completing the Myers-Briggs Type Indicator and the Strong Interest Inventory through the ECCC. A licensed counselor interprets the results with the student and provides information on careers that are aligned with the individual's personality, interests, values, and skills.

INFORMATION TECHNOLOGY SERVICES

A high-speed, wide-area network provides broad campus access to academic resources, the Internet, and other computing resources such as FLITE library. Each of the 3,000 residence hall rooms and University apartments has network connections. Every residence hall is equipped with a computer lab. In addition, there are large computing laboratories available to students in various locations on the Ferris State University campus. Student Technology Services provides installation of network cards and computer support to students for a fee. Copies of the Microsoft software Office 2003 Professional, FrontPage 2003, Windows XP Professional, Visual Studio Professional, and Office for MAC are available for a \$25.00 per year blanket license fee and \$10.00 per copy of the software. The University operates a Nortel Private Branch Exchange for voice services. Remote data access to the Internet and campus facilities is available for all faculty, staff, and students. Fiber optic, broadband, twisted pair, and wireless networks are utilized to provide services for voice, data, and video. Imail electronic mail is offered to students on and off campus. The Ferris Web site (http://www.ferris.edu) provides information about the University and is used to support student Web services. The University portal, My FSU, links products such as Student, Faculty, and Employee Web Services with capabilities of the Internet to create a customized campus experience.

STUDENT AFFAIRS

The division of Student Affairs provides a variety of services for students through the following departments: Birkham Health Center, Student Employment & Career Services, Counseling Center, Enrollment Services, Office of Multi-Cultural Student Services, Rankin Student Center, Student Leadership & Activities and University Recreation. All of these departments work with students to enhance their university experience.

The Office of Student Leadership & Activities helps students use and grow their talents through campus and community involvement. To keep students involved and connected to the University, there are more than 200 registered student organizations (RSOs), including sports clubs, Greekletter organizations, spiritual groups, academic societies and professional associations. The Student Volunteer Center refers hundreds of Ferris students each year to area agencies seeking volunteers. A variety of leadership programs are offered throughout the year to help students develop marketable leadership and management skills.

ATHLETICS

The Ferris State University Bulldogs are members of the National Collegiate Athletic Association (NCAA). Varsity teams compete in the Central Collegiate Hockey Association (NCAA Division I) in ice hockey and the Great Lakes Intercollegiate Athletic Conference (NCAA Division II) in all other sports.

Ferris student athletes participate in 15 varsity sports: golf, tennis, basketball, track, cross-country, softball, soccer and volleyball for women; golf, tennis, basketball, track, cross-country, hockey and football for men.

INTRAMURAL AND RECREATIONAL SPORTS

Annually, more than half of the student body participates in organized recreational sports activities, including extensive intramural and club sport programs. Other students participate in informal recreation activities. Ferris provides ample facilities for athletics and recreation, including a Student Recreation Center with pool, weight room, basketball and volleyball courts and indoor track; a golf course; a sports complex including full and half-size ice rinks, additional basketball and volleyball courts; racquetball courts and indoor and outdoor tennis courts.

CULTURAL EVENTS

Concerts by Ferris State Music Center organizations such as the West Central Concert Band, Chamber Orchestra, Jazz Ensemble, Concert Choir, and Ferris Wheels (men's glee club), and productions of the University Theater are augmented by appearances of professional music, drama and dance organizations and other performing arts groups.

The Ferris Art Gallery features exhibits of paintings, prints, photography, sculpture and crafts, as well as special exhibits featuring leading Michigan artists, FSU faculty and students.

The Arts and Lectures Committee offers a schedule of lectures, concerts and films, while Entertainment Unlimited and the Music Industry Management Association present pop/rock and comedy concerts and other events of a contemporary nature.

The Office of International Affairs "International Festival of Cultures" brings the world to Big Rapids with students, faculty, staff, and community members presenting cultural displays, performances, and food from more than fifty countries worldwide.

Entertainment Unlimited, the campus programming board, is responsible for coordinating more than 80 student-produced events each year including comedy shows, films, novelties and live contemporary music performances. Entertainment Unlimited also programs the Student Speaker Series which brings 6-8 speakers to campus each year.* The Music Industry Management Association helps students get experience behind the scenes of producing live campus entertainment through their annual Autumn Alive Concert and Delta Chi Fraternity does the same with their annual January Jams Concert. *(Topics of these lectures range from pop culture and media to harder-hitting issues like alcohol awareness and hate crimes.)

COLLEGE OF PROFESSIONAL AND TECHNOLOGICAL STUDIES

In the early 1970s, Ferris State University opened the Office of Continuing Education on the Big Rapids, MI campus. At that time, the office focused on the development and delivery of noncredit, continuing education programs, institutes, and camps. In the late 1970s, the offering of degree programming was added to its operation and the first off-campus location was opened in Traverse City, MI.

In 1983 the unit was reorganized as the Gerholz Institute for Lifelong Learning (GILL) and then changed again in 1998 to the University Center for Extended Learning (UCEL). Other early off-campus sites included Dowagiac in 1978 and Grand Rapids that began operation in the early 1980s. The Grand Rapids location, dubbed Ferris-Grand Rapids, operated as a standalone campus and, for a short time in the late 1990s, oversaw the operations of the Dowagiac, Jackson, and Muskegon sites before oversight for those locations reverted back to UCEL.

In 1999, the College of Professional and Technological Studies (CPTS) was established on the Grand Rapids campus with the mission to serve the area through the development and delivery of academic programs that met the specific needs of that area's business, industry and the community at large.

In 2007, CPTS and UCEL operations merged to bring cohesion and economy to the operations that serve the needs of more than 5,000 off-campus and online students each year.

Today, CPTS delivers more than 50 career-focused professional development certificates, associate, bachelor, and master degrees through a network of 20 locations – all aimed toward helping students advance toward their career goals. Students, many of whom are working adults, find earning their degree convenient with classes that fit within their busy schedules. Programs are offered in direct response to needs identified in communities throughout the state, often in partnership with the local community college.

In addition to academic programming, CPTS operates the Conference and Professional Services (CPS) office. The CPS team provides conference design and development consultation services that include planning, strategy, and implementation. To help ensure that programs succeed, they assist with marketing and promotion, financial management, contracts, registration, site selection, facilities arrangements, on-site services, and evaluations.

More information about the College of Professional and Technological Studies can be found online at http://cpts.ferris.edu.

CAMPUS MEDIA

Ferris offers students a variety of media, including a campus newspaper and local cable system (Channel 22). *The Torch*, which is published weekly, informs students of University news, events, and other campus-related issues. FSU-TV Cable 22 serves the campus and community with educational and public service television programming. The *FYI* is an internal newsletter published weekly for faculty and staff with limited student distribution, and the *Crimson & Gold*, published three times yearly, is aimed at keeping alumni and other key audiences informed. Some of the colleges and programs on campus also publish their own alumni publications.

CORPORATE & PROFESSIONAL DEVELOPMENT Division of the College of Technology

Ferris State University's Corporate & Professional Development (CPD) has been involved in partnerships to help businesses and industries with solutions to training, certification, custom assessment & gap analysis, product development, grant services, and consulting/applied research needs since 1984. More then 2,000 companies have taken advantage of the skills and facilities offered for training or testing, and over 150,000 participants in over 1,000 offered titles/projects have been served. CPD is known for its ability to partner with business and industry clients, associations, and other providers to tackle issues related to custom training, process consulting, product development, certification, and assessment. Through the establishment of custom workshops and public institutes, training and certification needs can be solved at company, state and national levels. Work is accomplished by contracting with the CPD to create the proper partnership between the company, FSU faculty and staff, outside resources and students to complete the project goals.

CPD offers custom assessment and technical training solutions to business and industry-specific problem areas, products, processes, and equipment to provide a return on investment of training dollars. Training can be delivered at the training facilities located at the main campus complex in Big Rapids, the Grand Rapids Campus, any of Ferris' Regional Centers, at the company's plant site, or company selected offsite. CPD training facilities are air conditioned and equipped with state of the industry audiovisual equipment. Computers, projection systems and related equipment may be provided and interactive television programming is possible. Training on hundreds of technical, safety & health, business, science, and supervision/leadership topics can be provided. Training may also involve participant assessment, certification, CEU's, and credit conversion as required.

With the changing world needs CPD is investing in new offerings for the community it serves through an Energy Efficiency Center & Annual Michigan Energy Conference, as well as activities in product innovation and entrepreneurship. CPD has invested in the future of training by creating the ability for development of computer interactive training for business and industry (custom CD-ROM, interactive television or internet delivery as well as traditional lecture and application labs).

In order to keep costs down (through long term delivery methods) and keep training value high (while providing a customized training program) CPD creates custom or standard training modules. These modules utilize computer interactive theoretical training combined with hands-on applied training for a blended teaching approach. This type of training has been successfully completed for Evart Products -Textron to teach plastic injection mold operation, D-M-E Co. Inc. to teach injection mold base technology, custom automated production assembly line training for FIAMM Tech. Inc., and Rubber Processing Operator training nationally for the Rubber Manufacturers Assoc., industry- wide "Manufacturing Safety & Health training," "Binocular Indirect Ophthalmoscope" training for optometrists, and "Material Handling Safety" in the plastics industry.

New trends in industry show that the new workforce requires more technical training and employers want to pay for skill, not time-in-task. Therefore, certification tools have become an important part of CPD's offerings. Good examples of certification are: the national training and assessment program developed for the Rubber Manufacturers Association, Molding Operator training packages; international certification tools for the United Assoc. of Journeymen and Apprentice Plumbers & Pipe Fitters of the U.S., Panama, and Canada; national certification for the Electrical Generating Systems Assoc.; as well as many custom certifications for private industries. In the area of grant writing services, CPD has been successful in helping gain support for industrial and business projects through state Economic Development Job Training, Michigan Works Incumbent Worker, Small Business Investment Research and Michigan Dept. of State grants. In the past ten years, CPD has managed over \$3.25 million in grants. Through the State Workforce Commission-Economic Development Job Training Grants, eighteen companies have obtained a total of over \$1,488,000 in grants to provide needed training to upgrade their workforce. The providing of delivery services has also been completed in partnership with many community college held grants.

Corporate & Professional Development provides custom and institute-based training and certification; grant writing services, computer interactive training, applied research, manufacturing consulting, and assessments to meet the needs of business and industry.

CPD can also assist businesses, industries, and individuals in the development and refinement of new product/process ideas. Third party validation studies can be performed to prove client claims on their products.

The Corporate & Professional Development Center is located at 1020 Maple Street, Building Suite 101. Phone 231-591-5819, Toll free 866 -880-7674, Fax 231-591-3539. Website www.ferris.edu/cpd

FERRIS LIBRARY FOR INFORMATION, TECHNOLOGY, AND EDUCATION (FLITE)

The Ferris Library for Information, Technology and Education (FLITE) opened on March 12, 2001, as a premier research facility integrating modern technology with traditional information resources. Designed for flexibility and versatility, FLITE continues to adapt to the world's advancing digital age. The Library houses 195 public computers (including thirteen Macintosh computers), approximately 1,000 ports to accommodate laptop access and future expansion, wireless connectivity, seating for 1,300 visitors, and 55 individual and group study rooms. Among its customer service oriented attributes, FLITE contains an extended hours study area, a family study room for visitors accompanied by children, and a food court with vended beverages and snacks. Students using FLITE have access to laptop computers and multimedia equipment including scanners, CD burners, video-editing software, and digital cameras. An adaptive technologies laboratory facilitates the learning and research of students requiring special accommodations.

FLITE serves as a gateway to a variety of information resources available both on-site and off-campus in print and digital formats. FLITE houses a collection of more than 350,000 volumes and provides access to 119 online databases and more than 28,000 journal titles, either in print or digital format. As a Federal Depository Library for U.S. Government Documents and a Patent and Trademark Depository Library, FLITE offers users access to vast amounts of government information. The Library's online catalog as well as many of the University's digital resources are available through the Library's Website at http://www.ferris.edu/library/. Interlibrary loan and document delivery services are offered to all faculty, staff, and students, including distance education students, allowing users access to an immeasurable number of additional resources. Faculty, staff, and students can receive help using these resources by phone, email, or real-time chat reference service, submitting electronic forms via the Website, or in-person at the Reference Desk in FLITE. Students and faculty can also request reference and research assistance from subject specialist librarians.

FLITE takes full advantage of advanced technologies to expand opportunities for teaching and learning. The Library contains three instructional studios equipped with 20 to 30 computer stations, an instructor's workstation, sound and projection equipment, TV/VCR, and DVD. Additional equipment such as smart boards, laptop computers, and wireless microphones are available upon request. The instructional studios allow librarians and other faculty to teach the information seeking and critical thinking skills necessary to evaluate the burgeoning mass of available information resources. The information literacy program starts with the basics in the Ferris State University Seminar (FSUS) courses and provides instruction in library use and research to classes upon request of instructors. In addition to instructional studios, FLITE also contains six seminar rooms of various sizes to accommodate library instruction classes, meetings, and professional development activities.

FLITE also houses the Media Production Center and the Faculty Center for Teaching & Learning. Along with traditional library services, these units represent a broad spectrum of information and instructional resources. The three units work collaboratively to provide faculty with one-stop access to information specialists and media development personnel who can assist in locating information for course content and creating instructional materials in a variety of multimedia formats.

Ferris Library for Information, Technology, and Education (FLITE) 2007-2008 Statistics

Services - July 2007 to June 2008

Hours open	99.5/week
Door count	489,460
Average daily attendance	1,466
Circulation (not including reserves)	26,433
Reserve circulation	5,997
Study room checkouts	25,868
Seminar room bookings	2,574
Library instruction sessions	434
Reference questions	5,999
Interlibrary borrowing	8,696
Interlibrary lending	9,094
Titles catalogued	13,564

Access/Holdings - July 2008

Total print volumes (books and bound journals)	351,738
Periodical subscriptions (print and microform)	833
Periodical titles available electronically	36,517
Catalogued electronic books	58,798
Information resource databases	131
New monograph titles purchased	3,682
Archival holdings in FLITE (linear feet)	16.5
Archival holdings stored off-site (linear feet)	3,800
Public computers (includes 13 Macs)	195

KENDALL COLLEGE OF ART AND DESIGN OF FERRIS STATE UNIVERSITY

Kendall College of Art and Design began in 1928 through a generous endowment provided by Helen M. Kendall as a memorial to her husband, David Wolcott Kendall, known as the Dean of American Furniture Designers. Helen Kendall envisioned a school whose graduates would be leaders in the world of art and design, and throughout history, Kendall College of Art and Design has prepared generations of students for careers as professional artists and designers. In addition, Kendall College of Art and Design is an active partner with the community, annually providing more than 2,000 children and adults with the opportunity to pursue courses in art and design through one of the richest and most varied continuing studies programs in the United States.

In 1996, the Board of Trustees of Kendall College of Art and Design voted to merge Kendall with Ferris State University, a process that was completed in December 2000. In combining these two distinctive institutions, the Boards of both Kendall and Ferris have forged a union that offers students the educational opportunities and strengths of each institution.

The mission of Kendall College of Art and Design of Ferris State University is to educate its students to be leaders in the arts by nurturing creative and intellectual excellence, to promote in its students an awareness of social responsibility, to provide a dynamic professional environment, to move the institution toward national prominence, and to support institutional integrity through resource development.

As part of Ferris State University, Kendall College of Art and Design is accredited by:

The Higher Learning Commission
Of the North Central Association of Colleges and Schools
30 North LaSalle Street, Suite 2400
Chicago, II 60602
800.621.7440

Kendall College of Art and Design of FSU is an accredited institutional member of:

The National Association of Schools of Art and Design 11250 Roger Bacon Drive, Suite 21 Reston, VA 22090 703.437.0700

Kendall's Interior Design program is accredited by: The Council for Interior Design Accreditation 60 Monroe Center NW Grand Rapids, MI 49503-2920 616.458.0400

Kendall College of Art and Design of Ferris State University is authorized under the laws of the State of Michigan to grant:

Bachelor of Fine Arts in:

Art Education with K12 Art Education

Certification

HOUSING

Ferris State University residence halls provide environments that are clean, comfortable, safe and conducive to support the academic mission of the University. Living in the residence halls enhances the classroom learning that takes place at the University.

Through exposure to other points of view, experiencing diverse populations and living in a community, residents learn coping skills and experiment with responsible decision-making in a safe environment.

A variety of housing and dining options exist to allow students the opportunity to create the environment in which they feel most comfortable. Services include computer labs in three halls and Ethernet connectivity in each residence hall room, a choice of private rooms, health, wellness and substance-free living, the first-year experience and other themed housing opportunities. Cable television is provided in each room with access to numerous channels including movie channels. Washers and dryers are located on virtually every floor. Students are provided telephones with individual long-distance access codes for personalized billing of long-distance charges. Local and campus calling is free. Mail is delivered to each residence hall lobby and express delivery, flowers and packages are delivered to the hall front desk. Board games, large screen televisions and hall-sponsored activities are available in each residence hall lobby. A laser printer is available via the network from student's rooms.

Living in the residence halls is an educational endeavor. Professional and student paraprofessional hall staffs are trained to provide social and educational programming aimed at building cohesive communities on each floor called "houses." While hall staff is in place to assist in maintaining community standards, assist students in their transition to college, provide individual assistance as needed as well as making referrals to appropriate campus resources, residents are reminded that maintaining community standards is a shared responsibility by all. As a member of a community, each resident is expected to adhere to community standards and take steps to maintain the positive community atmosphere most suited for academic excellence. Students are encouraged to take an active role in the governance of their living environments, including making decisions regarding the use of social activity funds. In addition, student governance in the residence halls helps shape residence hall policy and provides a means by which student opinions can be heard. Leadership experience gained through these opportunities proves invaluable to future employers. Residents are also provided challenges aimed at personal growth and development. Learning to live in a diverse environment provides supplemental education aimed at full preparation for life after college.

The University apartments consist of the west campus townhouses, and the east and south complexes. The west campus complex has 150 two bedroom and 50 three bedroom unfurnished townhouses which are designed to provide a neighborhood atmosphere for all students. Fully accessible townhouses are also available for students with disabilities in which the entire living area is on the ground floor, including laundry facilities.

The east and south complexes consist of 188 traditional one and two bedroom units. They are designed for single students and have laundry facilities in each building.

All apartments are within walking distance to classes and provide computer network connections to access the Internet, library and the University mainframe. Telephone and cable television connections are also provided. A community center in the center of the west campus complex houses a computer lab, meeting rooms and a large multipurpose room where educational, social community and children's programs are held.

POINTS OF INTEREST

Alumni Building (1929) - The oldest building on campus and the only building to survive the fire in 1950. Classrooms and faculty offices for the College of Arts and Sciences are in this building. It also houses the UCEL office and the Corporate & Professional Development Center.

Arts and Sciences Commons (1996) - houses Arts and Sciences faculty and administrative offices, the Card Wildlife Education Center, the Math Science Technology Center, and features "The Visionary," a mural – one of the largest of its type in the world – depicting the history of FSU, and the Writing Center which provides peer tutoring to assist students with writing and study skills. This building connects the Science and Starr Buildings.

Automotive Center (former Technical and Applied Arts Center) (1956) - Comprises the instructional and lecture facilities for Automotive Services, Auto and Heavy Equipment Management and Automotive Engineering Technology.

Bishop Hall/College of Education (1967) – Built as a residence hall, it was remodeled in 1986 to house the College of Education & Human Services administrative offices and classrooms. Tot's Place is also located in Bishop.

Business Building (1970) - Houses the auditorium, classrooms and offices of the College of Business. Extensive terminal and mainframe computer facilities include one of the state's largest "library concept" microcomputer laboratories used for educational purposes.

Creative Arts Center (1965) - This building houses the studios, classrooms, and faculty offices needed for the Studio Arts in the College of Arts and Sciences.

Ewigleben Sports Complex/Ice Arena - Comprises two indoor ice rinks and a recreational wing with facilities for intercollegiate hockey, recreational hockey and skating, basketball, and volleyball, all completed in 1975. An addition completed in 1981 includes a combative room, fitness and sports medicine facilities and a mini-arena.

Ferris Library for Information, Technology, and Education (FLITE) (2001) – Located in the heart of the main campus, FLITE features a variety of work and study spaces, including an information commons, 4 instructional studios, 6 seminar rooms, 44 individual and group study rooms, a reading room, and an extended hours study area, all with wireless access capability. FLITE has a total seating capacity of 1,300, more than 350,000 total volumes (books and periodicals), and 195 public computers. The FLITE webpage provides access to a broad collection of electronic databases, documents, books and journals. FLITE is a U.S. Government Documents Depository, a Patent and Trademark Depository Library for western lower Michigan, and a depository for the U.S. Bureau of the Census. FLITE also houses the International Center and the Media Production Center.

G. Mennen Williams Auditorium (1961) – This facility houses FSU's theater program and also serves as the major multipurpose auditorium for the FSU campus. With seating for 1,644, Williams Auditorium hosts musical, dramatic, cultural, and convocation events throughout the year. It also is available for public rental use when scheduling allows.

Granger Center for Construction & HVACR – The Granger Center for Construction and HVACR is a state-of-the-art facility that features an interactive learning center where all structural steel, process piping, mechanical systems, and electrical systems are exposed or behind glass. Laboratory facilities provide a practical, "hands-on" experience using an extensive array of sophisticated equipment in up-to-date laboratories devoted to testing and solving problems students are likely to encounter in the field.

Heavy Equipment Center (1987) - A 53,000-square-foot building accommodating students in the 2 and 4-year heavy equipment technology programs. The HEC building is the largest facility in the country dedicated to educate and train graduates for entry into the heavy equipment industry workforce; additionally, it is home to the Heavy Equipment Service Engineering Technology B.S. Degree, the only one of its kind in the US.

POINTS OF INTEREST CONT.

Holiday Inn Hotel and Conference Center (1993) - The facility is located adjacent to the Katke Golf Course and overlooks the campus. The complex houses 16,772 square feet of meeting facilities, 118 guest rooms, banquet facilities and a restaurant. The conference facilities are used for continuing education activities, conferences and workshops.

Interdisciplinary Resource Center (1969, renovated 2007) – Contains one large lecture hall seating 120, six classrooms with state of the art teaching technology seating 30-50, television studios, and the Faculty Center for Teaching and Learning office suite that includes two computer training rooms. The second floor houses faculty from the College of Business.

Katke Golf Course (est. 1974) - Katke is a full service 18-hole championship golf course that measures 6,729 yards (slope rating 130) from the back tees, 6,174 (slope rating 124) from the middle tees and 5,355 (slope rating 124) from the forward tees. The state-of-the-art practice facility includes 100,000 square feet of grass teeing space, six target greens, a large short game area that includes a chipping area and bunker for greenside or fairway bunker shots and 2 practice greens with over 15,000 square feet of space. The practice facility is encompassed by a 3-hole practice course that includes two par 4's measuring 325 yards each and a 150 yard par 3. Our full service clubhouse sits atop the highest point in Mecosta County with excellent views back to campus. The clubhouse facilities include the Founders Grille Restaurant which features burgers, sandwiches and a wide selection of appetizers; a 1,000 square foot multi-purpose room that holds up to 75 people for meetings or small parties; men's and women's locker rooms and a golf shop stocked complete with all of your golfing needs. A staff of PGA Golf Professionals is available to provide tournament services, golf clinics, private video lessons and club fittings by appointment. The golf course is conveniently located adjacent to the Holiday Inn Hotel and Conference Center on the far west point of campus.

McKessy House (1989) – McKessy House, resembling an Old English cottage on Cedar Street, north of Williams Auditorium, was purchased by Ferris State University in 1989 as a result of a generous gift from Gerald McKessy, a 1929 graduate of Ferris' college preparatory program who went on to graduate from the Detroit College of Law in 1933. Mr. McKessy was a Charter Member of the Presidents' Club, a member of the Phoenix Society, a founding father of the Alumni Foundation, a 12-year member of the Board of Directors of the Alumni Association and a recipient of the Distinguished Alumnus Award in 1971 for the generous donation of his time and talents to Ferris State University. Mr. McKessy donated stock, the proceeds of which were used to buy the house, barn and two acres that is now utilized as parking and additional Arts and Sciences classroom space. Mr. McKessy's gift also made it possible to remodel the house which is currently occupied by the Division of Governmental Relations and General Counsel. This division is responsible for governmental and community relations, legal affairs, equal opportunity, and labor relations.

Michigan Art Walk (1996) - The Michigan Art Walk is an ongoing project whereby original pieces of art work created by Michigan artists are installed throughout campus and linked by a meandering pathway. ultimately reaching into the Big Rapids community. The inaugural sculpture of the Michigan Art Walk, by Ann Arbor-based artist Barron Naegel, was installed in the fall of 1996. Also installed in the fall of 1996 were a wall sculpture by Daniel Roache, under the auspices of the Presidential Art Collection, and the main panel of Robert Barnum's "The Visionary," which depicts the history of Ferris State University. The unveiling of "Escape," an outdoor sculpture by R. Farrington Sharp, on October 17, 1997 continued the project, along with the side panels of "The Visionary" which were unveiled on February 20, 1998, completing Barnum's triptych. "Totem Stack," a sculpture by Ferndale artist Albert Young, was unveiled on May 7, 1998. "Muse" by Irina A. Koukhanova, was dedicated on November 19, 1998, and sculptor Fritz Olsen's "Ripples" was unveiled November 19, 1999. Lois Teicher's functional piece, "Bench With Three Deep Seats," was dedicated on June 14, 2000. "Ferris Arch," a limestone sculpture by Kenneth Thompson, was dedicated October 10, 2001. Mark Chatterley's "Journey to the Body Collective", a flying wall sculpture located in the reading room at FLITE, was dedicated on October 29, 2002. Robert Barnum's "Of Thought and Reason," a 130-foot-long, 10-foot-tall painting on canvas located in FLITE's Extended Study Area was unveiled on August 28, 2003. Ray Katz' "Celebration," a large-scale metal sculpture, was unveiled September 3, 2004. The Art Walk pieces can be viewed on the Ferris website along with information about the artists.

POINTS OF INTEREST CONT.

Music Center (1962) – The Music Center is located at the heart of the campus at the foot of the Carillon Clock Tower on the south end of the quad "green space" and just north of Top Taggart Field (football stadium). This facility offers rehearsal and practice space for all varieties of ensembles. The band room can accommodate groups of up to 100 musicians and the Choral Room provides room for 60 musicians. Private practice rooms are available and are ideal for individual practice or small groups of 2-3 persons. Each practice room contains an acoustic piano. The Humanities Department maintains these instruments (regular tuning, etc.) as a service to currently enrolled students. The piano lab has 12 stations (full-size keyboards) which are used for group instruction and practice for those enrolled in music classes. The music faculty and ensemble director's offices are also in the Music Center.

National Elastomer Center for Plastics and Rubber Technology – The Ferris Plastics and Rubber program is the largest and most respected undergraduate program in the United States. The Plastics B.S. program was started in 1982 and continues to fill a great need in the growing plastics industry for technically trained personnel. Ferris graduates gain immediate status as recognized technical leaders. This innovative program provides students with a background that includes topics such as processing, material testing and properties, and mold and product design. Classes emphasize hands-on learning, using the same type of equipment that is currently used in industry. The Plastics building was expanded in 1998, and renamed the "National Elastomer Center" to include educational space for the new Rubber degrees. The Rubber program is a unique educational experience with graduates being sought after by the rubber industry. Coursework follows the original plastics degree in processing, testing, and design but also includes rubber compounding. The plastics and rubber industry has shown support for the Ferris programs by sponsoring the construction of the Plastics Building in 1987 and the expansion in 1998 with funding for equipment and supplies, providing job experience by employing our students for summer internships and finally hiring our graduates.

Pennock Hall/Michigan College of Optometry (1968) - Built as a residence hall, it was adapted in 1977 to serve as the home for the Michigan College of Optometry at FSU and the University Eye Center.

Pharmacy Building (1972) - Designed to house all on-campus operations of the College of Pharmacy, including specialized laboratories and the model pharmacy, and also contains an antique pharmacy exhibit.

Presidential Art Collection (1996) - Daniel Roache was chosen as the first contributor for a collection featuring commissioned works by Michigan artists honoring Ferris presidents. His aluminum, wall-mounted sculpture representing the seven academic colleges hangs in the Williams Auditorium lobby. A bronze bust of President Byron Brophy by Midland sculptors James S. Hopfensperger and Joan Hopfensperger-Most was dedicated on April 30, 1999. It is on display in the Ferris Library for Information, Technology, and Education (FLITE).

Racquet Facility (acquired in 1980) – The facility offers 4 indoor tennis courts, 10 outdoor hard courts, 2 outdoor clay courts, indoor racquetball, cardiovascular and free-weight equipment, aerobic and fitness classes, tanning booths, tennis lesson programs, rental equipment and a full-service tennis pro shop. This facility serves intramural and intercollegiate athletes, faculty/staff, students and the general public.

Rankin Center (1957) – considered the "campus living room," is the center of student campus activities. The Student Center provides a wide variety of services and activities to meet the interest and needs of students, faculty, staff and guests of the University. Among the activities available are billiards, table tennis, video games and dance dance revolution boards. Also offered are a television lounge, computer lab, information center, Seattle's Best Coffee Shop, Quizno's Subs, Westview Student Dining, James L. Lundberg Bookstore, fine arts gallery and a variety of conference rooms. Offices for student organizations include The Student Government of FSU, Entertainment Unlimited (programming board) and *The Torch* (student newspaper). On the administrative side, there are offices for Student Affairs, Student Conduct, Residential Life, Multicultural Student Services, Student Activities, Catering Services, and the Student Center.

Science Building - Originally built in 1956, remodeled and expanded in 1967, completely renovated in 1997, this building provides teaching auditoria, classrooms, and science laboratories for the College of Arts and Sciences, as well as the Rawlinson Observatory, John and Rhea Smith Greenhouse, and Ritz Reading Room.

POINTS OF INTEREST CONT.

Starr Building (1961) – Completely renovated in 1995, students now enjoy new furnishings, state-of-the-art instructional equipment, multimedia labs, study rooms and lounges. It is FSU's largest general classroom building and houses the Educational and Career Counseling Center including services for students with disabilities; Williams Auditorium, where dozens of live performances and special events are offered each year; and The Jim Crow Museum, a privately donated collection of American racist memorabilia artifacts.

Student Convocation Center/Wink Arena (1999) – This 42,000 square foot facility, located adjacent to the Ewigleben Ice Arena, seats 2,400, including prime sections of chair-back seating. The building complex features an expanded lobby that adjoins the Ice Arena with a pro shop, concession stands, and a display for the Bulldog Hall of Fame. This new center serves as the home for the FSU men's and women's basketball programs, and is also used for commencement exercises, major concerts, and special events.

Student Recreational Center (1998) - The former HPE/Wink Arena building was remodeled and reopened August 30, 1998. The facility gives students, faculty and staff a modern gymnasium, weight room, aerobic room, exercise machines and elevated track. A student lounge, indoor swimming pool, spa, and 40-foot climbing wall was completed in 1999.

Swan Technical Center (1966) - Many College of Technology department offices, classrooms, and laboratories designed specifically for engineering technology instruction are located in this building.

Timme Center for Student Services (CSS) (1967) (Renovated 2002) – As the official "welcome center" for the University, the Timme Center for Student Services (CSS) serves as a one-stop service center in which students can register for classes, obtain financial aid and housing information, request transcripts, pay bills, and inquire about student employment opportunities. Highlights of Timme CSS include a glass atrium that extends the full height of the eastern side of the building and a second atrium facing State Street, providing natural sunlight and openness for the building. Formerly the campus library, the Timme CSS is a place of diversity, art, history and service. The first floor houses the Financial Aid and Business offices; the offices of Admissions and Records, Enrollment Services, and the Academic Senate are on the second floor; and the third floor features a display of Ferris historical memorabilia, as well as houses the offices of the President, Chief Diversity Officer, Budgetary Planning and Analysis, Vice President for Academic Affairs, and Institutional Research and Testing. The carefully chosen combination of offices and services provides a wonderful welcome to all constituents in the middle of campus.

Tot's Place (instituted 1987) – Located on the first floor of Bishop Hall, Tot's Place Child Development Center is a full service child care center providing educational programs for children of FSU students, faculty/staff, and the surrounding community. Tot's Place also serves as a laboratory for many FSU academic programs.

Victor F. Spathelf College of Allied Health Sciences (1979) - This four-level structure contains the specialized classrooms, laboratories and offices for the students, faculty and administration of the College of Allied Health Sciences.

GIFTS TO THE UNIVERSITY

Private giving to the University in fiscal year 2008 totaled \$6,217,784 including cash contributions of \$4,322,184 and in-kind gifts of \$1,895,600.

Contributions may be made in many ways:

- Gifts from alumni and parents
- Gifts from business and industry, including cash, equipment, and materials
- Gifts and grants from foundations
- Matching gifts (companies or corporate foundations match their employees' gifts to Ferris from a one-to-one to a four-to-one ratio)
- Gifts in memory or honor of individuals
- Gifts through naming Ferris State University as a beneficiary in estate plans

Donor societies recognize extraordinary generosity:

- Woodbridge N. Ferris Society: \$1,000,000 cash or in-kind gifts
- Helen Gillespie Ferris Society: \$750,000 cash or in-kind gifts
- Abigail Timme Smith Society: All planned gifts \$35,000 or more
- Legacy Society: \$500,000 cash or in-kind gifts
- Crimson and Gold Society: \$1,000 cash or in-kind gifts from graduates of 5 years or less
- Phoenix Society: \$100,000 in cash or in-kind gifts
- Old Main Society: \$50,000 cash or in-kind gifts
- Founder's Society: \$25,000 in cash or in-kind gifts
- Presidents Society: \$10,000 in cash or in-kind gifts
- Dean's Club: Annual gift of \$500-\$999 with funding designated to a specific college or program
- Carillon Society: \$250,000 cash or in-kind gifts

Athletic booster clubs help students-athletes:

- Bulldog Club: Gifts designated to support athletic programs. Top Dog \$1,000, Coach \$500, Captain \$250, Booster \$100, Friend \$50
- Blueline Club: Gifts are designated to support the varsity hockey program. Hobey Baker \$1,000+, All American \$500-\$999, All Conference \$300-\$499, Captain \$100-\$299, Member \$50-\$99
- **6**th **Dawg Club**: Gifts designated to support the women's basketball program. All-American \$250+, GLIAC All-Conference \$100-\$249, FSU Team Member \$25-\$99.
- Diamond Dawg Club: Gifts designated to support the softball program. Champion \$1,000+, Coach \$500-\$999, Captain \$300-\$499, Gold \$150-\$299 and Crimson \$50-\$149.
- **Gridiron Club**: Gifts designated to support the football program. Champion \$1,000+, Gold \$500-\$999 and Crimson \$150-\$499
- Rebounders Club: Gifts designated to support the men's basketball program.
 Company/Community Member \$250+, Member Plus \$100-\$249, Individual Member \$25-\$99.
- **The Gallery**: Gifts designated to support the men's and women's golf teams. All-American \$300+, All-Conference \$150-\$299, Team Player \$50-\$149.

The following definitions are used in determining racial/ethnic designations:

#### **American Indian or Alaskan Native:**

A person having origins in any of the original peoples of North America.

#### Asian or Pacific Islander:

A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or the Pacific Islands.

#### Black (not of Hispanic Origin):

A person having origins in any of the black racial groups of Africa.

#### Foreign:

A person who is not a citizen of the United States, and who is in this country on a temporary basis and does not have a right to remain indefinitely.

#### Hispanic:

A person of Mexican, Puerto Rican, Cuban, Central or South American or other Spanish culture or origin.

#### White (not of Hispanic origin):

A person having origins in any of the original peoples of Europe, North Africa or the Middle East.

The following definitions are used in determining racial/ethnic designations:

#### **American Indian or Alaskan Native:**

A person having origins in any of the original peoples of North America.

#### Asian or Pacific Islander:

A person having origins in any of the original peoples of the Far East, Southeast Asia, the Indian Subcontinent or the Pacific Islands.

#### **Black (not of Hispanic Origin):**

A person having origins in any of the black racial groups of Africa.

#### Foreign:

A person who is not a citizen of the United States.

#### Hispanic:

A person of Mexican, Puerto Rican, Central or South American or other Spanish culture or origin.

#### White (not of Hispanic origin):

A person having origins in any of the original peoples of Europe, North Africa or the Middle East.

#### **DISTINGUISHED TEACHER AWARDS**

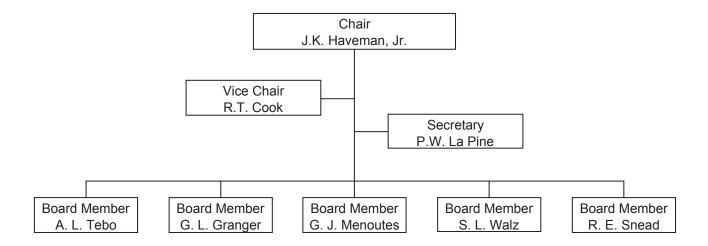

The Ferris State University Academic Senate oversees the selection of the Distinguished Teacher Awards. Teachers receiving this award have been nominated by their peers based on the following criteria: Teaching excellence; participation in professional development activities; interest in students outside the classroom/laboratory; and exhibiting distinction as a member of the university community.
