## FOREWORD

This first M.A.S.H. list came into being at the request of the members of the Flint Area Health Science Libraries, Mid-Michigan Health Sciences Libraries, Western Michigan Hospital Librarians and the Valley Regional Health Science Librarians. Each group has, for a number of years, compiled its own serial list in an attempt to keep the members informed of the holdings kept by the various health science institutions. However, with the increasing demand for documents to fill the needs of health professionals in the area, health science librarians realized the value of a serial list which would be broad and comprehensive. The library staff of St. Mary's Hospital, Saginaw, agreed to accept the responsibility for collecting and compiling the data and for printing and distributing the document.

The M.A.S.H. list represents the combined holdings of 43 institutions in the above local health science library groups and contains approximately 1300 journal titles. The list arranged alphabetically by titles, is current to December 1975. Bibliographic information is included for all but a few titles. Each institution is represented by a code with a list of the institutions and their addresses given. An alphabetical listing of all library personnel and a list of the codes used for the cities represented, is included.

It is hoped that the list proves to be a useful tool in locating much needed information to further patient care and clinical research in this area.

Helen Howley, Librarian  
St. Mary's Hospital  
Saginaw, Michigan

March  
1976

.ACKNOWLEDGEMENT

A work of this kind is never accomplished by one person. Nor can the hours of checking and rechecking, the funds expended, or the concern for perfection ever truly be accounted for. Many are to be commended, including each Librarian who submitted data to make the list comprehensive. However, some are due special recognition.

First and foremost our thanks are due to the Daughters of Charity and to Mr. James E. Richardson, Administrator of St. Mary's Hospital, Saginaw, for their unfailing support and financial backing to make the list a reality.

Our thanks also to Nancy Kubik, Library Technician, St. Mary's Hospital, who assisted in the compilation of data and who typed the entire list.

Gratitude is due to Ruth Armstrong, of the Graphic Arts Department, St. Mary's Hospital, whose expertise provided a beautifully printed and bound document.

We also acknowledge the encouragement given by,

Mary McNamara, Extramural Coordinator, Kentucky-Ohio-  
Michigan Regional Medical Library Program  
and by

Dorothy Crist, Librarian, Muskegon General Hospital.

The efforts of all involved are greatly appreciated.

Helen Howley,  
Librarian

MASH---INTERLIBRARY LOAN AGREEMENT

1. Requests for interlibrary loans shall be submitted on standard ALA Interlibrary Loan Form.
2. Materials needed immediately may be requested by phone. It will be at the discretion of the lending library if they require a follow up form.
3. All references must be verified by the borrower. Any incorrect reference will be returned if not easily located.
4. All requests will be accompanied by a return address label.
5. Material loaned will be in photocopy form. It will be at the discretion of the lending library as to whether to send material in original form.
6. Photocopied materials need not be returned. Original material is due back on the date indicated by the lending library and is returned Library Rate, unless otherwise indicated.
7. No library should depend on only one library for borrowing materials, unless that library is the only holder of a specific title.
8. If a borrower requests more than 15 loans a year, from a particular institution, the borrowing library should expect to be charged 10¢ a page.
9. Before any institution begins charging for this service (over 15 loans) they will notify the borrowing library.
10. Statistics must be kept and reported in order to assist the MASH Committee and individual libraries in knowing what utilization is being made of Interlibrary Loan Service.
11. Loan requests should be honored IMMEDIATELY. If unable to supply requests, return to sender.
12. If borrowing library wishes interlibrary loan request to be referred they will state at top of loan form "Please Refer".
13. The lending library will include the yellow copy (B) of the ALA Interlibrary Loan Form, with each loan sent.
14. All libraries are requested to seek loans from local libraries first--BEFORE contacting other libraries.

## EXPLANATION OF SYMBOLS

1. The library or libraries holding each serial is indicated by the abbreviation, or 'ID', of the institution and the city in which it is located, below each serial title. A list of these abbreviations can be found under Participating Institutions.
2. The number following the abbreviations indicates the volumes held and the years covered in the holding.
3. A dash after the volume number, followed by an open space, indicates the library has all subsequent volumes.
4. A dash between two volume numbers indicates inclusive holdings.
5. A comma between two numbers, indicates a break in the run.
6. Paranthesis indicate incomplete holdings.
7. A period after volume and year indicate "discontinued as of the last date shown".
8. An asterisk preceding a title indicates the title is no longer published, however journal may be published under a different title.
