SOFTWARE AND HARDWARE

P R E F A C E

This edition of the Health Instructional Resources Associated Catalog of Audiovisual Software and Hardware was supported in part by a National Library of Medicine Project Grant* awarded to Health Instructional Resources Associated in 1974. Holdings for fifteen health related institutions in the Metropolitan Detroit area are included in this edition.

*Grant No. 1 G08-LM 02098-01

INTRODUCTION

This catalog lists and describes audiovisual software and hardware held by the participating Health Instructional Resources Associated institutional members. Its supercedes the previous H.I.R.A catalog and the Michigan Audiovisual Cooperative catalog.

F O R M A T

The first section of the catalog contains audiovisual software listed alphabetically by subject. The second section is comprised of audiovisual hardware listed alphabetically by type of equipment.

Most institutions will lend the software listed with a few exceptions. Software not available for loan is indicated by an asterisk (*) after the institutional code following the software entry. Hardware will not be loaned.

S U B J E C T L I S T I N G

The terms used in the subject listing are those found in the Alphabetical List Section of the National Library of Medicine's Medical Subject Headings (MeSH), with the exception of the lay material which has been listed under lay terms. The software has been listed alphabetically under the most specific terms available in MeSH. The list of subject headings used in this catalog is included in the introductory pages.

PARTICIPATING INSTITUTIONS

The symbols for the participating institutions are listed below followed by the full name, address, telephone number and contact person(s) of each.

ACOH	Art Centre Osteopathic Hospital 5435 Woodward Avenue Detroit, Michigan 48202 831-6660 Jacqueline Cole Carolyn Hough

INTER-INSTITUTIONAL LOAN AGREEMENT
AMONG MEMBERS OF
HEALTH INSTRUCTIONAL RESOURCES ASSOCIATED
(H.I.R.A.)

This is a voluntary agreement adopted by those members of H.I.R.A. who engage in inter-institutional loan of instructional materials for the purpose of promoting better access to bio-medical information for health care personnel.

- I. Definition: Inter-institutional Loans of instructional materials are transactions in which resources are made available by one institution to another.

- II. Purpose: Since it is impossible for any one institution to be self sufficient, inter-institution borrowing and lending is regarded by the institution scribing to this agreement as essential.

- III. Responsibilities of Lending Institutions
 1. Lending institution will practice as liberal and unrestrictive a policy as possible in loan of instructional materials with due consideration to the interests of their primary clientele.
 2. Lending institutions have the responsibility of informing borrowing institutions and the Loan Procedures Committee of any failure to observe the provisions of this agreement. If necessary, the provisions stated in Section VIII may be invoked.
 3. Each institution entering into this agreement shall regard itself as a lender.
 4. Lending institutions will collect and maintain data concerning their inter-institutional lending operations and will submit this data to the Loan Procedures Committee as required (see section VIII).

- IV. Responsibility of Borrowing Libraries
 1. Each institution will provide the resources necessary to support the purposes of its parent institution (e.g. patient care, research) and will not assume that inter-institution lending relieves it of the responsibility of developing its own collection. No institution should depend upon another to supply the normal needs of its' clientele.

IV. Responsibility of Borrowing Libraries (con't.)

2. Borrowing institutions are expected to check their own holdings before requesting any item on inter-institution loan.
3. Borrowing institutions will screen users' requests to determine that they are pertinent to the parent institutions's purposes and will reject those that are not.

V. Material Appropriate for Inter-Institution Loans

1. Under the terms of this agreement it is permissible to request on loan any material appropriate to the purposes of the parent institution that is not immediately available from the institution's own collection.
2. Under the terms of this agreement, borrowing institutions will not ordinarily request:
 - a. Instructional materials in current and/or recurring demand.
 - b. Master copies of instructional materials.
 - c. Multiple copies of a production.

VI. Terms of Loan

1. Expenses

- a. Borrowing institution will assume any costs charged according to the established policy of the lending institution including handling, postage, insurance and service charges.
- b. No rental fee shall be levied for loan of instructional materials.

2. Limitations

- a. The borrowing institution will honor any limitations on use imposed by the lending institution.
- b. Unless specifically forbidden by the lending institution, it is assumed that copying is permitted, provided that it is in accordance with copyright law and provided that no damage to the original software will result. No copying or duplicating of instructional materials shall be done until after written permission of the lending institution is obtained.
- c. The safety of borrowed materials is the responsibility of the borrowing institution. The borrowing institution will meet all costs of repair or replacement in accordance with the preferences of the lending institution.

3. Placement of requests

- a. Every effort will be made to locate materials through the H.I.R.A. catalogue prior to request.

3. Placement of Requests (con't.)
 - b. Requests may be transmitted by mail, messenger, or telephone, using the H.I.R.A. standard request form. When mutually agreeable, telephone requests are acceptable and shall be confirmed by the mailing of the standard form.
 - c. Loans will be made only through designated H.I.R.A. representatives.
4. Form of Request
 - a. Material requested must be described as completely and accurately as possible.
 - b. The name and status (position or other indentifying information of the individual for whom the information is being requested shall appear on the request form).
 - c. All forms must carry the signature of the designated H.I.R.A. representative of the lending institution.
 - d. All requests shall be addressed to the designated H.I.R.A. representative of the lending institution.
5. Disposition of Loan Material: Materials furnished:
 - a. Should be returned to the lending library by the due date.
 - b. May be renewed at the discretion of the lending institution.
 - c. Must be returned by the borrower promptly and in good condition.
 - d. Are subject to recall at any time and the borrowing institution shall comply promptly.
6. Notification and Acknowledgment
 - a. If the material cannot be supplied, the lending institution shall indicate the reason promptly to the borrowing institution (preferably by telephone).
 - b. Except in the case of very valuable shipments, no acknowledgment of receipt is necessary. If there is undue delay in receipt of shipments, the borrowing institution shall notify the lending institution so that a search may be initiated.
 - c. If any circumstances prevent prompt return, the borrowing institution is responsible for notifying the lending institution on or before the due date.

VII. Evaluation and Amendment

1. To provide a means of continuous evaluation of the effectiveness of this agreement in promoting good inter-institutional loan service among the H.I.R.A. members and to provide a means of amending the agreement when necessary, the Loan Procedures Committee will meet at the discretion of the chairperson.

VII. Evaluation and Amendment (con't.)

2. The Loan Procedures Committee will facilitate its continuing analysis of the effectiveness of the Agreement by requiring data concerning inter-institutional lending operations from the H.I.R.A. membership on a monthly basis.
3. Any proposed additions or changes shall be presented to the H.I.R.A. membership to be approved or disapproved by a majority vote of the membership. The Loan Procedures Committee shall provide the membership a copy of the proposed additions and/or amendments thirty (30) days prior to the next regularly scheduled meeting.

VIII. Violation of the Agreement: If the Loan Procedures Committee determines that there is continued disregard of the provisions of this agreement, this shall be sufficient reason for suspension of borrowing privileges.

- COMMON PITFALLS IN ECG RECORDING (Network for Continuing Medical Education #175, 1973). 3/4 in. videocassette, color, sound, 20 min. Audience: physicians - continuing education. ACOH
- CONTROL OF THE HEART, PART I: CARDIAC OUTPUT (R.S. Shepard, Ph.D., Wayne State University School of Medicine, Div. of Medical Comm., 1973). microfiche or 35mm slides, audiocassette, programmed booklet, 22 frames, 60 min. Defines cardiac output & how it is calculated. Explains how increased heart rate & stroke volume relate to cardiac output & how the cardiac output is adjusted to meet body needs. The mechanisms through which changes occur are topic of the program. Explains Starling's Law of the Heart. Audience: medical students, physicians. WSMC*
- CONTROL OF THE HEART, PART II: AUTOREGULATION AND THE CARDIAC ENVIRONMENT (R.S. Shepard, Ph.D., Wayne State University School of Medicine, Div. of Medical Comm., 1973). microfiche or 35mm slides, audiocassette, programmed booklet, 27 frames, 30 min. Explains how heart adapts to changing conditions through mechanisms intrinsic to the cardiac fiber & how metabolic activity is related to stroke volume & cardiac output.

CONTROL OF THE HEART, PART II: AUTOREGULATION AND THE
CARDIAC ENVIRONMENT - cont.

Also explains 1) disadvantages of cardiac decompensation & 2) Law of Laplace.

Audience: medical students, physicians.

WSMC*

CONTROL OF THE HEART, PART III: EXTRINSIC CONTROL OF
THE HEART (R.A. Shepard, Ph.D., Wayne State University,

School of Medicine, Div. of Medical Comm., 1973). microfiche or 35mm slides, audiocassette, programmed booklet, 29 frames, 30 min. Explains the role of sympathetic & parasympathetic nervous system in the control of the heart. The role of epinephrine, norepinephrine, & acetylcholine, as well as the baroreceptor reflex is discussed. Also included is an explanation of the calculation of dp/dt.

Audience: medical students, physicians.

WSMC*

CORONARY ATHEROSCLEROSIS, MEDICAL AND SURGICAL TREATMENT.

AUDIO-DIGEST, FAMILY PRACTICE. audiocassette, 60
min. each.
Jan. 1972 - present.
Jan. 15, 1973 - present.
1973 - present.

ACOH
BSH
SJMP

DID YOUR PATIENT GET HIS DISEASE ABROAD? (Network
for Continuing Medical Education #175, 1973).
3/4 in. videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

DIFFERENTIAL DIAGNOSIS OF DIZZINESS (Network for
Continuing Medical Education #183, 1973).
3/4 in. videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

"DOCTOR, I CAN'T SLEEP NIGHTS" (Network for Continu-
ing Medical Education #174, 1973). 3/4 in.
videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

FINDING AND RECOGNIZING ORAL LESIONS (Network for
Continuing Medical Education #180, 1973).
3/4 in. videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

SOME PATHOLOGIES OF SLEEP (Network for Continuing
Medical Education #177, 1973). 3/4 in.
videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

GENETICS

GENETICS

GENES IN ACTION (UPHOHN, 1967). 49 35mm slides,
booklet for identification.

WSMC*

HUMAN CHROMOSOMES AND HOW THEY ARE STUDIED (Na-
tional Medical Audiovisual Center #V-2025,
1970). 3/4 in. videocassette, black &
white, sound, 30 min.

WSMC*

HEMATOLOGY

HEMATOLOGY

ANTICOAGULANT THERAPY. filmstrip.

MCGH
WBH

BASIC HEMATOLOGY (Edward L. Amorosi, M.D., New York University School of Medicine, 1972). 107 slides, 25 min.

GH*

THE BLACK MALE WITH SUDDEN ANEMIA (University of Michigan, 1973). slides, tape. Audience: nursing.

BSH

BLOOD COMPONENTS (Dr. Schneider). audiocassette.

BSH

DISSEMINATED INTRAVASCULAR COAGULATION (University of Michigan, 1973). slides, tape.

BSH

HEMATOLOGY TEACHING SLIDES (UPJOHN, 1973). 60 35mm slides, color, booklet for identification Audience: students.

WSMC*

HEMOLYTIC TRANSFUSION REACTIONS (National Medical Audiovisual Center #V-1497, 1968). 3/4 in. videocassette, black & white, sound, 31 min.

WSMC*

INTRODUCTION TO MODERN TRANSFUSION THERAPY (National Medical Audiovisual Center #V-2016, 1970). 3/4 in. videocassette, black & white, sound, 11 min.

WSMC*

NUTRITIONAL ANEMIAS PART 1: HYPOCHRONIC ANEMIA (Eli-Lilly). 16mm motion picture, color, sound, 22 min.

WSMC*

NUTRITIONAL ANEMIAS PART 2: MEGALOBlastic ANEMIAS (Eli-Lilly). 16mm motion picture, color, sound, 33 min.

WSMC*

HEMATOLOGY

HEMATOLOGY

PATHOGENESIS AND MANAGEMENT OF HEMOCHROMATOSIS

(National Medical Audiovisual Center #V-1507, 1969). 3/4 in. videocassette, black & white, sound.

WSMC*

PATHOGENESIS OF ANEMIA (National Medical Audiovisual Center #V-1604, 1969). 3/4 in. videocassette, black & white, sound, 28 min.

WSMC*

PLATELET MORPHOLOGY FUNCTION (National Medical Audiovisual Center #V-1723, 1969). 3/4 in. videocassette, black & white, sound, 28 min.

WSMC*

REFRACTORY ANEMIA (National Medical Audiovisual Center #V1841-X, 1966). 3/4 in. videocassette, black & white, sound, 30 min.

WSMC*

HISTOLOGY

HISTOLOGY

THE CELL (UPJOHN). 67 35mm slides, color.

WSMC*

A VISUAL APPROACH TO HISTOLOGY (Beth L. Wismar,
Ph.D., G. Adolph Ackerman, M.D., Ph.D., Ohio
State University; F.A. Davis Co., 1970).

240 35mm slides, audiocassettes, booklet.

Contents:

cytology	20 slides
connective tissue	14 slides
integumentary system	12 slides
musculoskeletal system	18 slides
blood & bone marrow	19 slides
lymphatic system	13 slides
cardiovascular system	21 slides
digestive system	48 slides
respiratory system	11 slides
urinary system	13 slides
male reproductive system	15 slides
female reproductive system	22 slides
endocrine organs	10 slides
nervous system	4 slides

HYPERTENSION

HYPERTENSION

- EVALUATION OF HYPERTENSIVE PATIENTS (Frank H. Netter, M.D. CIBA Pharmaceutical Co.). 11 35mm slides from CIBA Collection of Medical Illustrations. WSMC*
- HYPERTENSION OF ADRENAL ORIGIN (Eli-Lilly). 16mm motion picture, color, sound, 33 min. WSMC*
- MILD TO SEVERE HYPERTENSION - TIPS FOR TREATMENT (Network for Continuing Medical Education #177, 1973). 3/4 in. videocassette, color, sound, 20 min. Audience: physicians. ACOH
- MODERN CONCEPTS IN HYPERTENSION (Searle, 1971). 68 35mm slides, color, sound-cassette, booklet. Audience: students. WSMC*
- A RATIONAL APPROACH TO SECONDARY HYPERTENSION (University of Michigan). slides, tape. Audience: nursing. BSH
- WHEN SHOULD HYPERTENSION BE TREATED? (Network for Continuing Medical Education #162, 1972). 3/4 in. videocassette. color, sound, 20 min. Audience: physicians. ACOH

IMMUNOLOGY

IMMUNOLOGY

IMMUNITY (A. Martin Lerner, M.D., 1970). 3/4 in.
videocassette, black & white, sound, 39 min.

WSMC*

IMMUNOLOGY: FRONTIERS OF THERAPY (Network for
Continuing Medical Education #165, 1972).
3/4 in. videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

IMMUNOLOGY - THE FUTURE (Network for Continuing
Medical Education #166, 1972). 3/4 in.
videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

IMMUNOLOGY - THE NEW PATHOLOGY (Network for Con-
tinuing Medical Education #164, 1972). 3/4
in. videocassette, color, sound, 20 min.
Audience: physicians.

ACOH

INFECTION

INFECTION

MECHANISMS OF INFECTION (A. Martin Lerner, M.D.
Wayne State University School of Medicine,
Div. of Medical Comm., 1970). 3/4 in.
videocassette, black & white, sound, 60 min.

WSMC*

INFECTION CONTROL

INFECTION CONTROL

CLEANING THE ISOLATED ROOM. filmstrips. DOH

HANDWASHING (1973). 35 35mm slides, color, sound-cassette.
Audience: students, nursing, physicians. SJMP

HOSPITAL SEPSIS. 16mm motion picture, color, sound, 25 min.
Audience: all personnel. PGH

ISOLATION TECHNIQUES. videotapes, 16 min. WGH

MEDICAL ASEPSIS. filmstrip, color, sound, 20 min.
