

MICHIGAN STATEWIDE HEALTH SCIENCES UNION LIST OF SERIALS
(MISHULS)

AUGUST 1986
4TH EDITION

HISTORY OF
MICHIGAN STATEWIDE HEALTH SCIENCES UNION LIST OF SERIALS
(MISHULS)

In 1980, the Michigan Health Sciences Libraries Association (MHSLA) Board appointed an Ad Hoc Committee to "present a plan for production of a statewide union list of serials, including budgetary financial requirements and a time frame for production". Chaired by Lynn Sorenson Sutton, the Ad Hoc Committee conducted a survey in November, 1982. Since most of the hospital libraries in the state indicated their willingness to participate, plans proceeded.

At the MHSLA Annual meeting in 1982, members approved the concept of using the Online Computer Library Center (OCLC) union listing component. At the same time, the Michigan Library Consortium with the endorsement of the Library of Michigan was using LSCA III funds to support an OCLC based multi-type state list of serials.

The wisdom of using OCLC became apparent when the National Library of Medicine approached the Union List of Serials Committee of MHSLA in 1986 to ask them to become a test group for entering serial holdings into DOCLINE with OCLC tapes. This process is proceeding as the fourth edition of MISHULS goes to press. The Greater Midwest Regional Medical Library Network (GMRMLN) is preparing DOCLINE applications for participants in MISHULS and these should be mailed in the fall of 1986. DOCLINE participation will allow even faster service on interlibrary loans and will save participating libraries staff time and money in the interlibrary loan process.

As the introduction to the first edition of MISHULS stated, "After five years of committed effort, Mishuls has become a reality. We are confident that the resulting network will be effective in distributing document delivery workloads equitably among participants, and will enhance the dissemination of information to health science professionals in the State of Michigan." This has proved to be a true prediction.

Special thanks to the Chi Medical Library Staff of Ingham Medical Center for their technical support.

MICHIGAN HEALTH SCIENCES LIBRARIES ASSOCIATION

INTERLIBRARY LOAN GUIDELINES

I. DEFINITION

An interlibrary loan is a transaction in which library material, or copy, is made available by one library to another upon request. These copies to be provided as permitted by Title 17, U.S. Code as substitutes for loans of the original materials.

II. SCOPE

1. Under the terms of this agreement, it is permissible to request on interlibrary loan any material appropriate to the purposes of the institution that is not immediately available from the library's own collection.
2. This agreement does not supersede existing agreements or institutional policies.

III. RESPONSIBILITIES OF ALL PARTICIPATING LIBRARIES

1. All libraries shall have available or have access to a current copy of the State Union List.
2. All libraries shall submit a letter of agreement signed by the librarian and/or a senior executive of the parent institution and keep a current copy of the agreement on file.
3. All libraries shall submit a copy of the library's interlibrary loan policy to the ILL Committee and automatically forward any policy changes to the committee.

IV. RESPONSIBILITIES OF LENDING LIBRARIES

1. Lending libraries shall inform borrowing libraries of any failure to observe the provisions of this agreement.
2. Lending libraries shall collect and maintain data concerning their interlibrary lending operations each calendar year and shall submit these data to the Interlibrary Loan Committee.
3. Lending libraries shall process requests promptly. A 24-hour time limit is suggested. In cases where it is impossible to furnish the item within 72 hours, the borrowing library should be notified.
4. Lending libraries shall provide complete and readable copies where possible. An explanation will be attached in instances of bad reproduction.
5. Lending libraries shall refer requests, if necessary, within the limitations set by the borrowing library. When a referral is made, the library referring the loan shall keep a record.

V. RESPONSIBILITIES OF BORROWING LIBRARIES

1. Each library shall provide the resources necessary to support the programs of its parent institution and shall have the responsibility of developing a relevant collection.
2. Borrowing libraries have the responsibility to check their own holdings before requesting any item on interlibrary loan.
3. Borrowing libraries have the responsibility to list possible referral sources if requesting referral.
4. Borrowing libraries must include a self-addressed mailing label with each request.
5. Borrowing libraries have the responsibility to follow established borrowing protocols.
 - a. Basic health sciences library
 - b. Nearest resource library
 - c. Regional libraries
 - d. National Library of Medicine

I. TERMS OF LOAN

1. Expenses.
 - a. The borrowing library shall be prepared to assume any costs charged according to the established policy of the lending library including handling, insurance, and service charges. The lending library must announce these charges in advance.
 - b. If service charges per request are levied by the lending library, they should not exceed user charges levied by the Regional Medical Libraries.
 - c. The use and acceptance of MLC coupons is encouraged.
2. Limitations.
 - a. The borrowing library shall honor any limitations on use imposed by the lending library.
 - b. If a limit is placed on the number of photocopy exposures per request, that limit shall be no less than 30 exposures or the lending library has the option of loaning in the original if the page number exceeds the institutional limit.
 - c. The safety of borrowed materials shall be the responsibility of the borrowing library. The borrowing library shall meet all costs of repair or replacement in accordance with the preferences of the lending library.

3. Form of Request.

a. Requests will be accepted:

1. Typed on ALA Interlibrary Loan Request forms.
2. Other approved forms of electronic transmission.
RUSH phone requests must be followed by a confirming ILL form.

b. Citations should be complete:

1. Periodical references should include name of journal, date of issue, volume and number, author, title and full pagination.
2. References to books should include full name of author, title, edition, place, publisher, and date of publication.

c. Omission of any of these citation elements could result in rejection of the request.

d. Give source of verification whenever possible.

1. If bibliographic resources have been exhausted, a notation to that effect and summary of sources searched should be furnished.
2. If a reference cannot be verified, give the bibliographic citation to its source.

e. The name and status (position or other identifying information) of the individual for whom the information is being requested shall appear on the request form.

f. All forms must carry the signature or initials of the librarian or staff member authorized to request loans.

g. All request shall carry an indication of conformity to the Copyright Law (CCL) or to the Copyright Guidelines (CCG).

h. All requests shall be addressed according to the Union List Directory.

4. Disposition of Loan Material

a. Material furnished in photocopy need not be returned to the lending library

b. Material furnished in the original:

1. Shall be returned to the lending library by the due date.
2. Is subject to recall at any time and the borrowing library shall comply promptly.

* ANNOUNCEMENT *

TO: All INTERACT Users

As a result of input from many users, a new interlibrary loan form has been designed for use on INTERACT. Extensive work was conducted by the Michigan Health Sciences Library Association Ad Hoc Committee on Electronic Mail. Members of the committee include: David G. Keddle (Ingham Medical Center), Marie Bolanos (St. John Hospital), and Thomas Van Dam (Pine Rest Christian Hospital). Their work is greatly appreciated.

This form (** ILL.ALA) is compatible with the American Library Association's Interlibrary Loan Form, presently used by all types of libraries in the U.S. It also provides enough user (borrower) prompts to relay complete and accurate information to the lending institution. Each of these prompts (except for asterisks) DO NOT become part of the transmitted request. This will help to minimize the number of characters transmitted and read.

The ** ILL.ALA form, when printed, will format on:

- 1) tractor-fed or continuous ALA ILL forms
- 2) cut-sheet paper, used on some personal computer printers
- 3) continuous paper, used on many personal computer printers and portable printer terminals (e.g. Epson FX-80, Texas Instruments Silent 700)

The command used to call up the form:

- 1) may be typed in either upper- or lowercase letters or a mixture of both
NOTE: THIS APPLIES TO ALL COMMANDS.

- 2) must have one space on either side of the two asterisks

Example:

```
:EXEC ** ILL.ALA
```

OR

```
:exec ** ill.ala
```

OR

```
:Exec ** Ill.AlA
```

A sample article request follows:

```
:EXEC ** ILL.ALA  
ACCEPTED
```

```
+ INTERACT ILL REQUEST +
```

Your responses have been placed in your workspace.

Do you wish to see further instructions (Y or N)?y

If you would like to print out your workspace responses on an ALA form, position the form in your printer on the very top line and type:

:TY

After :TYping your request (and turning off your printer), type :SEND (INTERACT address)

If you would like to send another ILL request,
type:

:EXEC ** ILL.ALA

You are now back in the workspace

In the sample above, the following is placed in your workspace:

- 1) + INTERACT ILL REQUEST +
- 2 each asterisk (*) and your response

This means that, for example, "Date of Request:", "For use of:", and "Lending Institution:" are not added to the workspace, thus, not becoming part of the transmitted request.

After completing the responses, you may choose to either see further instructions by typing a "y" or type a "n" to skip to the response, "You are now back in the workspace". Your responses in the workspace may then be either displayed on continuous form or paper (as referred to above) or transmitted to another INTERACT user. Most institutions will probably choose the latter method. If you decide to choose the former, make sure to turn on and enable your printer. Enabling is a command to your printer to transfer what is displaying on your screen to the printer, e.g. Smartcom II software - Function 3 Key.

To proof your responses in the workspace before SENDING, type:

:TY

+ INTERACT ILL REQUEST +

This will display the complete contents of your workspace. Corrections and changes may be made by using the :LOCate and :CHange commands, referred to in the Quick Reference Card. You may also display the INTERACT file relating to editing by typing:

:READ ** TRAINING.EDIT

NOTE: This command will not alter your responses in the workspace.

SUMMARY OF STEPS INVOLVED FOR BORROWING INSTITUTION:

- 1) type :EXEC ** ILL.ALA
- 2) fill in your responses after each asterisk (*)
- 3) display your responses in the workspace by typing :TY
- 4) use :LOCate and :CHange to edit your responses
- 5) type :SEND (INTERACT address)
(Type :READ ** INTERACT.USERS for current list)

LENDING INSTITUTION:

After displaying the :IN list, the lending institution may then read the request and respond by doing the following

- 1) Type :READ (Message number)
- 2) Immediately after INTERACT message banner is displayed, hold the Control key and press the letter S
- 3) Position printhead on top line of continuous form
- 4) Enable printer
- 5) Hold the Control key and press the letter Q
- 6) Wait for the message to be displayed and printed on continuous form

Repeat steps 1-6 for each message (request).

* If you are not using continuous form, you need only follow Step 1 *

Example:

:READ F17654

MSG#:F17654

IN#: 208

TO: DSTJOHNH

FROM: MLC IMC

SENT: 6 NOV 85 13:56:14

READ: 7 NOV 85 9:14:21

*Director

If desired, the lending institution may add a response to the message by doing the following:

- 1) Type :ERASE to clear workspace of any stray characters
- 2) Type :GET (Message number)
- 3) Wait for message to be added to workspace
- 4) Type :TY to verify message is in the workspace
- 5) Type :BOTTOM
- 6) Type in your response.
- 7) Type :SEND (borrowing institution's INTERACT address)

This concludes the description of the new ILL form on INTERACT. Please try the form and send any comments to the INTERACT address, SUP .
