

MICHIGAN STATEWIDE HEALTH SCIENCES UNION LIST OF SERIALS
(MISHULS)

AUGUST 1987

6TH. EDITION

MICHIGAN HEALTH SCIENCES LIBRARIES ASSOCIATION
INTERLIBRARY LOAN GUIDELINES

I. DEFINITION

An interlibrary loan is a transaction in which library material, or copy, is made available by one library to another upon request. These copies are to be provided as permitted by Title 17, U.S. Code as substitutes for loans of the original materials.

II. SCOPE

1. Under the terms of these guidelines, it is permissible to request on interlibrary loan any materials appropriate to the purpose of the institution that are not immediately available from the library's own collection.

2. These guidelines do not supersede existing agreements or institutional policies.

III. RESPONSIBILITIES OF ALL PARTICIPATION LIBRARIES

1. All libraries shall have available or have access to a current copy of the Michigan Statewide Health Sciences Union List (MISHULS).

2. All libraries shall submit a letter of participation signed by the librarian, indicating their acceptance of these guidelines.

IV. RESPONSIBILITIES OF LENDING LIBRARIES

1. Lending libraries shall inform borrowing libraries of any failure to observe the provisions of these guidelines.

2. Lending libraries shall collect and maintain data concerning their interlibrary lending operations each calendar year and shall submit these data to the Interlibrary Loan Committee upon request.

3. Lending libraries shall process requests promptly. A one working day turn-around time is suggested. In cases where it is impossible to furnish the item within three working days, a response shall be sent to the borrowing library.

4. Lending libraries shall provide complete and readable copies where possible. An explanation shall be attached in instances of bad reproduction.

5. Lending libraries shall refer requests, if necessary within the limitations set by the borrowing library if referrals are not listed, requests shall be returned to the borrowing library.

V. RESPONSIBILITIES OF BORROWING LIBRARIES

1. Each library shall provide the resources necessary to support the program of its parent institution and shall have the responsibility of developing a relevant collection.

2. Borrowing libraries shall check their own holding before requesting any item on interlibrary loan.

3. Borrowing libraries shall list possible referral sources if requesting referral.

4. Borrowing libraries shall provide self-addressed mailing labels with each request.

5. Borrowing libraries shall follow established borrowing protocols.

- a. Basic health sciences library
- b. Nearest resource library
- c. Regional libraries
- d. National Library of Medicine

VI. TERMS OF LOAN

1. Expenses

a. The borrowing library shall be prepared to assume any costs charged according to the established policy of the lending library. The lending library must announce their charges in advance.

b. If service charges per request are levied by the lending library, they should not exceed user charges levied by the Regional Medical Libraries.

c. The use and acceptance of Michigan Library Consortium (MLC) coupons is encouraged.

2. Limitations

- a. The borrowing library shall honor any limitations on use imposed by the lending library.
- b. If a limit is placed on the number of photocopy exposures per request, that limit shall not be less than thirty exposures. The lending library has the option of loaning in the original if the page number exceeds the institutional limit.
- c. The safety of borrowed materials shall be the responsibility of the borrowing library. The borrowing library shall meet all costs of repair or replacement in accordance with the preference of the lending library.

3. Form of request

- a. Requests will be accepted:
 1. Typed on ALA interlibrary Loan Request form.
 2. Other approved forms of electronic transmission. RUSH telephone requests must be followed by a confirming ILL form.
- b. Citations should be complete:
 1. Periodical reference should include name of journal, date of issue, volume, and number, author, title, and full pagination.
 2. Reference to books should include full name of author, title, edition, place, publisher, and date of publication.
- c. Omission of any of these citation elements could result in rejection of the request.
- d. Give source of verification:
 1. If bibliographic resources have been exhausted, a notation to that effect and a summary of sources searched should be furnished.
 2. If a reference cannot be verified, give the bibliographic citation to its source.
- e. All forms must carry the name of the librarian or staff member authorized to request loans.

- f. All requests shall carry an indication of conformity to the Copyright Law (CCL) or to the Copyright Guidelines (CCG).
- g. All requests shall be addressed according to the MISHULS directory.

4. Telefax requests.

Telefax users shall abide by the guidelines of the Library of Michigan telefax protocols. Requests sent by telefax shall be submitted on a copy of an ALA form.

5. Disposition of Loaned Materials:

- a. Materials furnished in photocopy need not be returned to the lending library.
- b. Material furnished in the original:
 - 1. Shall be returned to the lending library by the due date.
 - 2. Is subject to recall at any time. If recalled, the borrowing library shall comply promptly.
